From the Board Chair and Chief Executive Officer

Mai I Te Manukura, Mai I Te Tumu Whakarae

After a full and productive year we are pleased to present to you Netball New Zealand’s 2014 Annual Report. There were a number of notable achievements and we gained forward momentum with planning and identifying challenges to address.

The strategic leadership focus developed by the Netball New Zealand Board in 2013 remains valid and provides important context for the stage we are at in the development of the Netball system and new organisation structure for the sport.

NNZ Board Strategic Leadership Focus

Highlights from 2014 include:

New National Junior Netball Programme – We are delighted with the success of this new programme which was introduced nationally in 2014 and offered to all Netball Centres in New Zealand after two years of trials. This resulted in unprecedented growth in junior player numbers of eight per cent (almost 5,000) more children playing Netball in 2014. The new modified game continues to be rolled out throughout New Zealand with new modules being introduced for Year 3 &

4 children in 2015, and older age groups in subsequent years. We believe this is just the beginning and the perfect platform to introduce children to Netball and build a lifelong love of the game. This is the first significant increase in player numbers for some years and the Community Netball team at NNZ, Zones and Centres are to be congratulated for their hard work in making this programme such a success.

Affiliated Membership – Along with growth in junior player numbers, greater transparency and accuracy of reporting of player numbers saw an increase in affiliated players to 148,312. Excluding social players, we had a four per cent increase in membership. This continues to see us as the largest women’s team sport in New Zealand by some considerable margin, and second only to rugby. It is so important that we are able to accurately report on our participation levels, to all stakeholders.

Members

Segment	2013	2014	% change
Junior	63,310	68,222	8%
Secondary	31,330	31,780	1%
Adult	23,210	22,810	2%
Social	16,010	25,500	37%
Total	133,860	148,312	11%
Total (excl Social)	117,850	122,812	4%

High Performance Player and Coach Development –

Although 2014 was a year of mixed results on the court, the hard work going on behind the scenes is heartening. We committed to undertaking two major reviews in player development and high performance coach development which identified the need for sustained investment in system development in these areas. To maintain a world class high performance system it’s imperative we continue to invest in building depth in New Zealand.

The National Player Development Review helped to clarify the roles of Zones and Centres in developing talented players, and NNZ’s role in providing national direction, policy and programmes. As a result of the review, NNZ has refocused its talent development resources on the formation of a National Development Squad absorbing the NZU21, Accelerant Squad and NZA team selections. The first of these selections resulted in a successful match against England during their tour to New Zealand in October.

The second major review was to assess the elite coaching talent we have in our country. Our high performance coaches need sustained development and support if they are to fulfil their potential. The outcomes from the review resulted in the development of NNZ’s High Performance Coach Programme which launched in December with 13 of our top coaches attending.

We would like to acknowledge and thank High Performance Sport New Zealand, in particular Eddie Kohlase for their assistance with these reviews.

Coach and Officials Development – The development and launch of Performance Coach added another strong thread to Netball New Zealand’s National Coach Development Framework. To date 98 coaches have been accepted onto Performance Coach, an award which takes two-three years to attain. Overall, 6,000 coaches throughout New Zealand attended coaching courses this year. Highlights from officiating included the ongoing implementation of the umpire coach and assessor accreditation system, which now has 300 accredited umpire coaches across New Zealand and will continue to increase in 2015.

Silver Ferns Programme – 2014 was a pinnacle event year with the Glasgow Commonwealth Games at which the Silver Ferns fell short of the gold medal in the wake of an injury ridden campaign. Under significant pressure throughout the event, the team pulled together under the leadership of Waimarama Taumaunu and Vicki Wilson and captaincy of Casey Kopua, to win the silver medal.

The year started well with a successful tour of the UK in January with the Silver Ferns winning matches against Scotland, England, Jamaica and England A.

It was a disappointing New World Netball Series with the loss of the Constellation Cup to Australia however the team retained the Taini Jamison Trophy against England in a tightly fought series, with the Silver Ferns narrowly winning on goal difference.

A comprehensive summary of the year included a thorough review of the team’s performance at the Commonwealth Games which identified key areas of the Silver Ferns programme to work on. The focus is now firmly on rebuilding depth into the wider Silver Ferns squad to ensure ongoing success into the future.

Special mention must go to Irene van Dyk who made the tough decision to hang up her dress on the international stage prior to the Commonwealth Games. What she has given to Netball both on and off the court cannot be expressed with enough superlatives and we wish her all the very best for her future.

New Zealand Secondary Schools (NZSS) team – One of the success stories of 2014 was the NZSS team retaining the International Schoolgirls Netball Challenge trophy in Adelaide. Coach Marianne Delaney-Hoshek, assisted by Julie Seymour are to be congratulated for their efforts which saw the team remain unbeaten through the tournament.

FAST5 Netball World Series – The FAST5 Ferns retaining the FAST5 Netball World Series trophy was a fantastic way to wrap up the international season. Congratulations to coach Janine Southby on guiding the FAST5 Ferns to their third consecutive FAST5 Netball World Series win. The third year of hosting this memorable event at Auckland’s Vector Arena brought together the learning from previous years. In a cauldron of Netball fandom, the six international teams played highly entertaining Netball with the audience dressed in costume and becoming part of the event. The result was an inspiring and eclectic mix of Netball, music and entertainment. Thanks must go to the International Netball Federation and President Molly Rhone for entrusting us with the FAST5 Netball World Series for the past three years. The 2014 event demonstrated its commercial potential and future viability, encouraging NNZ to consider future hosting.

ANZ Championship – Concluding its seventh year, though relatively “young” compared to other international sporting competitions, the ANZ Championship continues to evolve and cement itself as the best Netball league in the world. NNZ strongly values our partnership with Netball Australia and the league. While it was fantastic to see Kia Waikato Bay of Plenty Magic reach the Finals Series, the New Zealand teams are not yet performing at a consistently high enough level, and there is further opportunity to develop their programmes within the Zones. We are excited about the new conference systems format being introduced in 2015 along with the new Challenge Trophy initiative. We would also like to acknowledge the great work of the TTNL Board members, with particular thanks to Board Chair Pam Smith and our New Zealand directors Shirley Hooper and our NNZ independent Board member Shane Harmon.

National Tournaments – We are proud to have delivered five successful national tournaments around the country in 2014 including three age group championships; NZU17’s, NZU19’s, NZU23’s as well as the NZ Secondary Schools Netball Championship and the Lion Foundation Netball Champs. These events are always run superbly by our capable team here at NNZ in conjunction with the Netball Zones and Centres, and highlight the talented coaches and players coming through our pathways.

Zone Development – Concluding their second year of operation, NNZ is pleased with the quality of governance, leadership and development of the five Netball Zones which operate in a highly challenging environment. The importance and role of the Zones in the development of Netball, player, coach, and official, and high performance was further clarified during 2014. Considerable investment has

been made in developing the working relationship between the Zones and NNZ, and we are continuing to make good progress integrating our processes to ensure consistent delivery of Netball throughout New Zealand at all levels.

Financial sustainability and resourcing of the Zones remains challenging, though we were encouraged by some growth in commercial support of the Zones towards the end of the year. NNZ is further developing the provision of shared services to the Zones, and have established a Transitional Partnership Agreement with each Zone to clarify our respective obligations during 2014 and 2015. NNZ is committed to providing additional funding support to assist the Zones in return for Zone support with the implementation of national programmes.

Sport New Zealand’s investment enabled the Jane Huria Governance Project to assist Zones and Centres further develop their governance capability and this opportunity has been taken up by all Zones, with many Centres also participating in workshops and training. The vision and commitment of all five Zones continues to impress us and we would like to acknowledge and thank the Zone Boards for their hard work and support during this challenging establishment phase. We specifically thank each of the Zone Board Chairs and NNZ appointed Zone Board representatives and CEO’s.

Centres – Netball Centres continue to be the lifeblood of our sport, with the incredible network of volunteers and facilities, meeting the needs of our playing, coaching and officiating community week in and week out. With the formation of Mercury Bay Netball Centre in the Coromandel, the number of Centres is currently 85.

Netball’s Heritage Project and Brand – Gathering stories and history from NNZ Life Members, building the past Silver Ferns database and bringing together the 1987 Silver Ferns to farewell the 2014 Silver Ferns to Glasgow for the Commonwealth Games were just a few of the highlights of the Heritage Project in 2014. In addition, we have undertaken a significant piece of work developing Netball’s brand positioning and framework which will be implemented in 2015.

Whole of Netball Plan – A priority for NNZ during 2014 was to create a plan or national agenda for the development of Netball throughout New Zealand for the next five years. The plan is close to being finalised following extensive input from Centres, Zones and other key Netball partners, with the priority initiatives becoming clear. The plan will transparently

guide NNZ's priorities and allocation of resources to projects of national significance, to ensure we are investing in the development of the game and a strong sustainable system. The plan will be launched at the 2015 Netball New Zealand AGM.

Netball New Zealand Organisation – With the appointment of a new CEO and the Zone structure firmly in place, it was appropriate that NNZ undergo its own organisation review, to determine the capacity and capability to enable NNZ to perform its roles as a national sporting organisation, a shared services provider to the Zones, meet international commitments and deliver the ANZ Championship in New Zealand. Excluding the divulging of the Coach Development function [CoachForce] to the Zones, the redesigned organisation resulted largely in a reallocation of existing resources to strengthen capabilities in key areas. The focus was particularly in high performance and the commercial function, with additional resourcing for shared services provision. Recruitment for new positions is nearly complete, and the team will be in place for 2015.

Financial Result – NNZ achieved a pleasing group operating surplus of \$198K.

Our Sincere Thanks – A special thank you must go to our partners who provide such great support for our programmes and initiatives. In particular, we sincerely thank our elite sponsor New World, media partners SKY Sport and NZME. Our national sponsors include Holden, ANZ, The Hits, Pita Pit, House of Travel, Canterbury of New Zealand and Yahoo! New Zealand; we are grateful for their support.

Our relationship with Sport New Zealand and High Performance Sport New Zealand remains strong and we are hugely grateful for their support of community sport, high performance and capability development. Long standing relationships with The Lion Foundation for the delivery of national tournaments, and New Zealand Community Trust with our national CoachForce Programme and Coach Development are hugely valued.

We'd like to acknowledge NNZ President Sheryl, Lady Wells as her four-year term in the role comes to a close in early 2015. She has been an outstanding ambassador and contributor to Netball in many different guises over the years and we are going to sincerely miss her at NNZ, but know that in her generous and understated manner, she will continue to be a strong contributor to the game.

Changes to the NNZ Board in 2014 – Chair Raewyn Lovett's term as NNZ Board Chair came to an end in May, replaced by Board member John Bongard, while two new faces took their

seats at the Board table and we were delighted to welcome Debbie Hodges [elected] and Allison Ferguson [appointed]. We would also like to acknowledge the exemplary contribution of Carole Maddix who has added immeasurably to the NNZ Board over many years.

We'd like to thank the NNZ Board, the dedicated staff here at NNZ, staff and volunteers in the Netball Zones and Netball Centres who work so hard to deliver our sport.

In conclusion, we are pleased with what has been a productive and busy year.

It's a pleasure to be journeying with you all and we are looking forward to an action packed and successful 2015.

- Win** International Schoolgirls Netball Challenge
- Launch** National Development Squad and NZA
- Launch** Performance Coach Programme
- Launch** High Performance Coach Development Programme
- Launch** Heritage Project
- Develop** Whole of Netball Plan
- Develop** NNZ Organisation

From the President

Mai i Te Pehitini

How time flies! It seems only yesterday that I was appointed to the position of President of Netball New Zealand and now it is time to pass the baton on. Travelling throughout New Zealand over the last four years has confirmed what I already knew that Netball is delivered to thousands to play and enjoy by the most enthusiastic, committed and wonderful women and men.

My heartfelt thanks go to all who generously give their time to serve on the committees and to those who, week in and week out, in rain, hail or shine, man the courts and volunteer for those jobs that ensure the smooth running of their Netball Centres. Whatever the role, these selfless volunteers underpin the delivery of our sport and are much valued.

The Zone Boards and staff have had many challenges over the last two years as we all work to implement the structural redesign. Change does not come without inconvenience and some of these changes have required resilience and patience: lots of it. Thank you for your willingness to try new things as we grow and develop our sport to meet the demands of today's and tomorrow's participants.

I have enjoyed the opportunity this position affords, to attend NNZ Board meetings. We, as a sport, are extremely well served by our capable Board. Ably chaired by John Bongard, the appointed Directors Suri Bartlett, Lee Piper and our new addition Allison Ferguson, bring their considerable business experience to our Board table. Discussion is thorough and robust and their commitment to Netball is unquestioned. Having three netties elected onto the NNZ Board by our Netball community, as our constitution requires, serves

Netball well. Shirley Hooper, Lesley Murdoch and Debbie Hodges are professionally capable and hard-working and their on-the-ground Netball experiences complement all decision-making.

This year, NNZ Board Chair Raewyn Lovett and nettie Board member Carole Maddix stepped down after nine years of exceptional service. Both women also made significant contributions in other areas; Raewyn capably chaired the Trans-Tasman Netball League (TTNL) Board and Carole has been well-regarded as NNZ's representative on the Oceania Executive. NNZ is well served by its hard-working Chief Executive Officer Hilary Poole who, amongst other things, has set up important frameworks and defined processes to assist and strengthen the running of our sport throughout the country.

Thank you to our NNZ staff members who have coped admirably also with the restructure of our organisation this year while still delivering value to our Netball community. Also, I'd like to acknowledge and thank our well-regarded and much-valued NNZ Life Members who continue to provide insight and wisdom.

Sadly, some NNZ Service Award Holders and NNZ Life

Members passed away this year: Elaine Collett - Waimate Central, Dorothy Craighead - North Canterbury, Shona Foxcroft - Temuka, Robyn Harding - Netball Waitakere, Pam Harrison - Hutt Valley and Violet Lynch - Eastern Southland. These women contributed hugely to Netball over many years and will be sorely missed.

This year saw the retirement from international Netball of Irene van Dyk, the most capped Netballer in history. For 14 years, we have been fortunate to have Irene anchor the Silver Ferns' goal circle and, over those years, she has leapt, shot and smiled her way into the hearts of all New Zealanders. I was fortunate, as manager of the Silver Ferns to watch much of it from the best seat in the house.

For Waimarama Taumau and the Silver Ferns, 2014 brought many challenges due to significant injuries to key players. Another year and another opportunity to show what we are capable of will come in 2015. On behalf of our Netball community, I wish the injured, speedy recovery, and offer our continued support and best wishes for the Netball World Cup in Sydney in August. Go the Ferns!

I have thoroughly enjoyed my ambassadorial role and am grateful and thankful to be involved in this wonderful sporting environment we call Netball New Zealand.

"The achievements of an organisation are the results of the combined efforts of each individual." - Vincent Lombardi

May we all continue to work together for the greater good of Netball.

S. J. Wells

Sheryl, Lady Wells CNZM
NNZ President

Netball New Zealand Board

John Bongard

NNZ Board Chair, ONZM – Appointed NNZ Board Member

John Bongard is into his sixth year on the NNZ Board and brings more than 30 years' experience in high to executive-level positions within the Fisher & Paykel Group, most recently as Managing Director and Chief Executive Officer before retiring in 2009. John was involved with Netball for more than 13 years through the Fisher & Paykel sponsorship with NNZ before joining the Board.

John was awarded an ONZM for services to business in the New Year's Honours List 2010. He is currently on the Board of Meridian Energy, Tourism Holdings Limited, Narta Australia Pty Limited, HJ Asmuss & Co Limited and Chairman of The Rising Foundation and Chairman of South Auckland Partners – BNZ. John is also a Trustee of the Counties Manukau Pacific Trust Board. John is married to Dianne and together they have two adult children – Sam and Kate.

Hilary Poole

NNZ Chief Executive Officer

Hilary is in her second year as Chief Executive Officer of NNZ. Hilary has vast commercial, leadership and governance experience and has advised some of New Zealand's leading businesses in a range of industry sectors. In 2009, Hilary took on the role of CEO of Hockey New Zealand and the Hockey Foundation – positions she held for four years. Hilary was awarded the 2012 C.K. Doig Leadership Excellence Award for sporting leadership and has previously held senior roles at Bank of New Zealand and GE Capital. Hilary is on the Boards of both NNZ and TTNL Ltd (ANZ Championship).

Debbie Hodges

NNZ Elected Board Member

Debbie Hodges involvement in Netball spans more than 30 years and, over that time, she has been involved in most facets of Netball and Netball administration, including the role of Chair, leading the transition from Netball Southland to Netball South. In 2012, she won the New World National Netball Volunteer Award for Administrator of the Year and received a Services to Sport recognition at the ILT Southland Sports Awards. She has served as everything from President, Chair, secretary and treasurer to player, coach, manager and selector at club, Centre and regional level – even a stint managing the Ascot Park Hotel Southern Steel team in 2008. From a business perspective, Debbie Hodges has been employed by E Hayes and Sons Limited in Invercargill since 1983, progressing through the ranks to her current position of Administration and Operations Manager. Also, she has been a director of Hammer Hardware since 2010.

Shirley Hooper

NNZ Elected Board Member

TTNL Ltd Board Member

Shirley Hooper is the owner and director of her own business, Mission Marketing, developing marketing strategies and implementing marketing campaigns for a number of different companies. She has been an elected member of the NNZ Board since February 2009 and is, currently, a director of New Zealand Synchronised Swimming. Netball has woven its way into her life in various guises over many years; she was once a New Zealand-level umpire.

Before starting her own company, Shirley held senior marketing roles at then major Netball sponsor Bendon and broadcaster TVNZ, continuing her Netball involvement at a different level as she helped build the sport's profile in the early days of commercialism. Also, Shirley has been a director and chair of both the Auckland Diamonds and the Northern Mystics franchises.

Lee Piper

NNZ Appointed Board Member

Lee Piper is the South Island General Manager at NZME, Radio and has worked in the radio industry for more than 25 years. Lee has been involved in Netball for more than a decade, firstly as a member of Netball Southland Country and then as an inaugural member of Southern TeamCo.

Lee has been an appointed member of NNZ since January 2007 and is the Manager, both commercial and sponsorship of world champion cyclist Ali Shanks. He is the current Chairman of the Dunedin Rugby Club and is a regular Newstalk ZB sports contributor.07.

Suri Bartlett

NNZ Appointed Board Member

NNZ Finance, Audit and Risk Committee Chair

Based in Wellington, Suri is a chartered accountant and co-Managing Director of management and technology consultants, Tenzing. He was appointed to the Board of NNZ in 2007 and was a former BearingPoint NZ and KPMG Consulting Managing Director. Suri has worked all over the world including in Switzerland, the UK and New Zealand. Suri's main role on the NNZ Board is to serve as Chair of the Finance and Audit Committee.

Lesley Murdoch
NNZ Elected Board Member

Lesley Murdoch was elected to the NNZ Board in February 2013.. Lesley is a talented broadcaster and former dual international athlete representing New Zealand both at home and overseas. She has been a team official for national teams, has coached at all levels of her chosen sports and has been a national selector.

Lesley has held governance roles in regional and national sporting bodies.

She has been instrumental in growing the profile of Netball and many other sports via the great job she does with NZME. and SKY Sport. Her involvement in the media spans three decades, both as a journalist and as a presenter and commentator. Lesley is an appointed member of the CERA Community Forum.

Sheryl, Lady Wells
NNZ President, CNZM

Sheryl, Lady Wells has been President of NNZ since 2011 (re-elected in 2013) and takes an ambassadorial role on behalf of the NNZ Board.

Sheryl, Lady Wells is a Companion of the New Zealand Order of Merit (CNZM) and has a long history of association with Netball since the 1960s when she played for Auckland. She was an exceptional team manager and managed the Silver Ferns from 1992 to 2004; a highlight of this time was the 2003 World Championship win.

Sheryl, Lady Wells was awarded the Alwyn Moon Memorial Trophy by the Auckland Amateur Sports Association in 1995 for her services to and administration of sport and, in 2006, became a Life Member of NNZ.

Allison Ferguson
NNZ Appointed Board Member

The newest member of the NNZ Board, NNZ HR Committee Chair is experienced lawyer Allison Ferguson, who comes to the role with broad commercial skills and a passion for Netball.

She chaired the Auckland Netball Board from 2001 to 2009, was a previous director of Queen City Netball Ltd for four years and was in the project team for the development of the New Zealand teams for the ANZ Championship. Allison was also a team member for the set-up of Greater Auckland Netball Ltd (Northern Mystics Netball franchise) in 2007 and 2008.

She's been involved in a number of sports law matters and her legal experience includes acting for and advising clients in respect of a wide range of issues and disputes, including: contract, negligence, media law/defamation, insurance, intellectual property, construction, shareholder disputes, sports, Fair Trading Act and Commerce Act issues, public law and regulatory matters.

Netball New Zealand Staff

Irene van Dyk – A Tribute

Silver Ferns
145 Test Caps
2000-2014

Positions - GS, GA
Height: 190 cm
DOB: 21 June 1972

Ageless super-shooter Irene van Dyk rewrote the Netball record books with her incredible abilities during a remarkable 20-year international career. After accumulating 72 test caps for her native South Africa, the long-limbed shooter made New Zealand her home in 2000, from where she launched a dazzling career.

Van Dyk showed a total disregard for any previous long-standing milestones as she continued to set new standards. She became the world's most capped Netballer in 2005, achieved her 200th test cap in 2011 and, by retirement in 2014, had notched the seemingly unsurpassable total of 217.

The ever-smiling van Dyk chalked up an enviable international record, competing at five Netball World Championships – two

for South Africa and three for New Zealand – winning one Netball World Championship title and two Commonwealth Games gold medals with the Silver Ferns.

Sure hands, perfect positioning under the hoop and uncanny accuracy, where she rarely shot under 90 per cent, were the hallmarks of this super-talented player. Selfless in her actions, van Dyk is the consummate professional.

Arguably the world's greatest Netballer of all time, Irene van Dyk has set the standard for future generations.

On behalf of her fans in New Zealand and around the world, we pay tribute to her.

Netball Northern

This has been a year of consolidation for the Northern Zone. The first 12 months of the Zone was a time of assessing needs and gaining a better understanding of the purpose and role of a Zone in the Netball delivery chain. Our second year has been focused on implementing and refining the strategic plan.

All of our key positions were filled and both the Community and Performance staff worked hard to implement our key goals; they have had numerous successes along the way.

Communication and connection have been a key focus and, over a seven-month period in the year, our team met with the 17 Netball Centres on more than 600 occasions. Further communication has been via emails and newsletters as well as the annual Centre Forum.

Performance on the court for the Northern Mystics improved in the 2014 season and the team was placed seventh over the ANZ Championship season. With a consistent coaching approach leading in to 2015, we are optimistic for a great year to come.

I would like to pass on my congratulations to the Centres for another busy and successful year - there have been strong performances on the court with hard-working people and well-run organisations behind the teams. Also, I would like to pass on my thanks to all of the committed people on the Zone Board, in the Zone team and at Netball New Zealand.

We have a shared goal of a stronger and more integrated Netball delivery model and are making great progress towards meeting this goal.

Many thanks for your continued support.

Netball Waikato Bay of Plenty

Year 2 of the Zone was an exciting one as we stepped up from a year of transition to a year of opportunities across the various levels in the game.

The introduction of a new coaching duo for Kia Waikato Bay of Plenty Magic, along with nine personnel changes to the team was an obvious talking point for many; however, the way in which the team galvanised as one, on and off the court, provided fantastic momentum across the Waikato, Bay of Plenty and Gisborne areas. The team's third-place finish in the ANZ Championship was just reward for the effort the players and coaching staff put in and continued the fantastic record achieved by our teams over the years. The contribution of our younger crop of Magic players to help our Wintec Under 23 team take out the national tournament for a second consecutive year showed the depth we have in our wider squad as we look to continue to build for the future.

The development of Community Netball programmes throughout the Zone was also cause for celebration as a new staff group came together for the first time to work with Centres to embrace the many opportunities offered within the new Zone structure. The Junior Netball Year 1 & 2 programme was successfully introduced to 18 of our Netball Centres and there has been a significant increase in the numbers of coaches and umpires attending development opportunities. Mercury Bay's inclusion as Netball New Zealand's newest Netball Centre was also cause for the bubbly bottles to be popped open.

It was great to see so many of our Waikato BOP people recognised and seen at national and international levels: from those players who wore the fern at the highest level to those who gained national recognition at age group tournaments as umpires, technical officials or coaches.

The third year of the Zone will see us continue to build from the platform we have developed and continue to reinvest our resources back into the game.

We acknowledge the fantastic family of sponsors and funders who, through their generosity, help us move forward with confidence and purpose.

Tim Hamilton

Netball Central

This has been a year of consolidation for Netball Central Zone, building on the good work undertaken since its inception in 2013, with greater collaboration between our Centres and Partners.

One of the most enjoyable aspects of the year has been the success experienced by our age group teams at national tournaments, both in terms of the number of teams within the Zone which participated and their overall results, highlighted by Netball Manawatu's Under 19 team winning the national tournament in Dunedin – well done!

The Zone Under 23 team made great progress in its second year. Although finishing third at nationals in Dunedin, it lost only one game throughout the tournament. Special thanks go to Yvette McCausland-Durie, Kathryn Mitchell, Margaret Perry and Priyani de Silva-Currie who all contributed to the success of the team and congratulations to Whitney Souness and Gemma Hazeldine for making the tournament team. Whitney has also been selected for the Netball New Zealand Development Squad.

The Central Pulse, under the tutelage of Robyn Broughton, had unprecedented success against the other New Zealand teams, dropping just one game out of eight. It was particularly pleasing to have such strong involvement from all the lead Centres throughout both pre-season and the ANZ Championship, as support for the team continues to grow throughout the Zone.

I would like to acknowledge that Paul Smith (official) and Bubs Rewiti (coach) have been recognised by NNZ as winners in their categories of the 2014 New World Volunteer Awards. These awards recognise the contributions that you both have made to our sport over many years; thank you.

Finally, a special thanks to all those volunteers who keep the wheels of Netball moving every week throughout our Zone – without you we wouldn't have a game to play.

Netball Mainland

In just the second year of operation under the new Zone structure, we are now starting to see positive signs and momentum going forward.

Significant progress has been made in a relatively short time span through working collaboratively with our Centres and volunteers to offer participation opportunities across the Mainland Zone.

The Tactix team is continuing to build a solid foundation for the future and the inclusion of our Zone players, umpires and coaches in NNZ squads is heartening. The Christchurch Netball Centre team won the Lion Foundation Netball Champs in Auckland and we saw the introduction of the Netball Mainland Emerging Talent programme.

Netball Mainland school teams won all three grades at the South Island Secondary Schools tournament and the St Margaret's College team was runner-up at the New Zealand Secondary Schools Netball Championships. We have seen 90 new Community Coach Award holders and more than 500 junior coaches/coordinators/star helpers join our coaching ranks as well as the introduction of an Apprentice Coach programme.

The majority of our Netball Centres rolled out the new Junior Netball programme with great success (25 per cent increase in Year 1-6 players) and we saw the inaugural Netball Mainland SuperClub competition get under way, with teams competing for the title of SuperClub Champions. Our vision is that this competition will grow in numbers of teams competing and ultimately lead one day to an inter-Zone SuperClub competition.

A big thank-you to our Advisory Groups (umpires, technical officials and youth), Centres, staff and volunteers across

the Zone for all your time, expertise and commitment to supporting and growing the wonderful game of Netball.

Many thanks for your support.

Netball South

The deep south is often referred to as the 'Netball Capital of New Zealand' and 2014 was no exception following the unveiling of our world-class ILT Stadium Southland.

More than 800 talented young Netballers participated in a range of successful events from the South Island Secondary Schools tournament in September to the elite international ranks of the Silver Ferns v Australian Diamonds Constellation Cup test match in October. A new catchphrase, 'venue envy', emerged as people from throughout New Zealand witnessed our incredible facility in action.

In our second year as a Zone, it was refreshing to see the engagement at Netball New Zealand level as we continue to implement this new structure and work towards positive outcomes for our game. Locally, Netball South initiated new competitions which encompass the entire geographical region. NNZ's Junior Netball programme has been welcomed by our Centres and, with future pilots in the pipeline, they are eager to see our sport continue to grow.

As other codes will no doubt attest, operating within the sporting fraternity is not without its challenges and I commend the commitment shown by our Board, our staff and each of our 10 Netball Centres. Thank you also to our wider Netball community, without your tireless dedication, our sport would cease to exist.

NETBALL PARTICIPATION AND FOLLOWING

Player Participation

In 2014 there were **148,312 players** affiliated to Netball Centres in New Zealand.

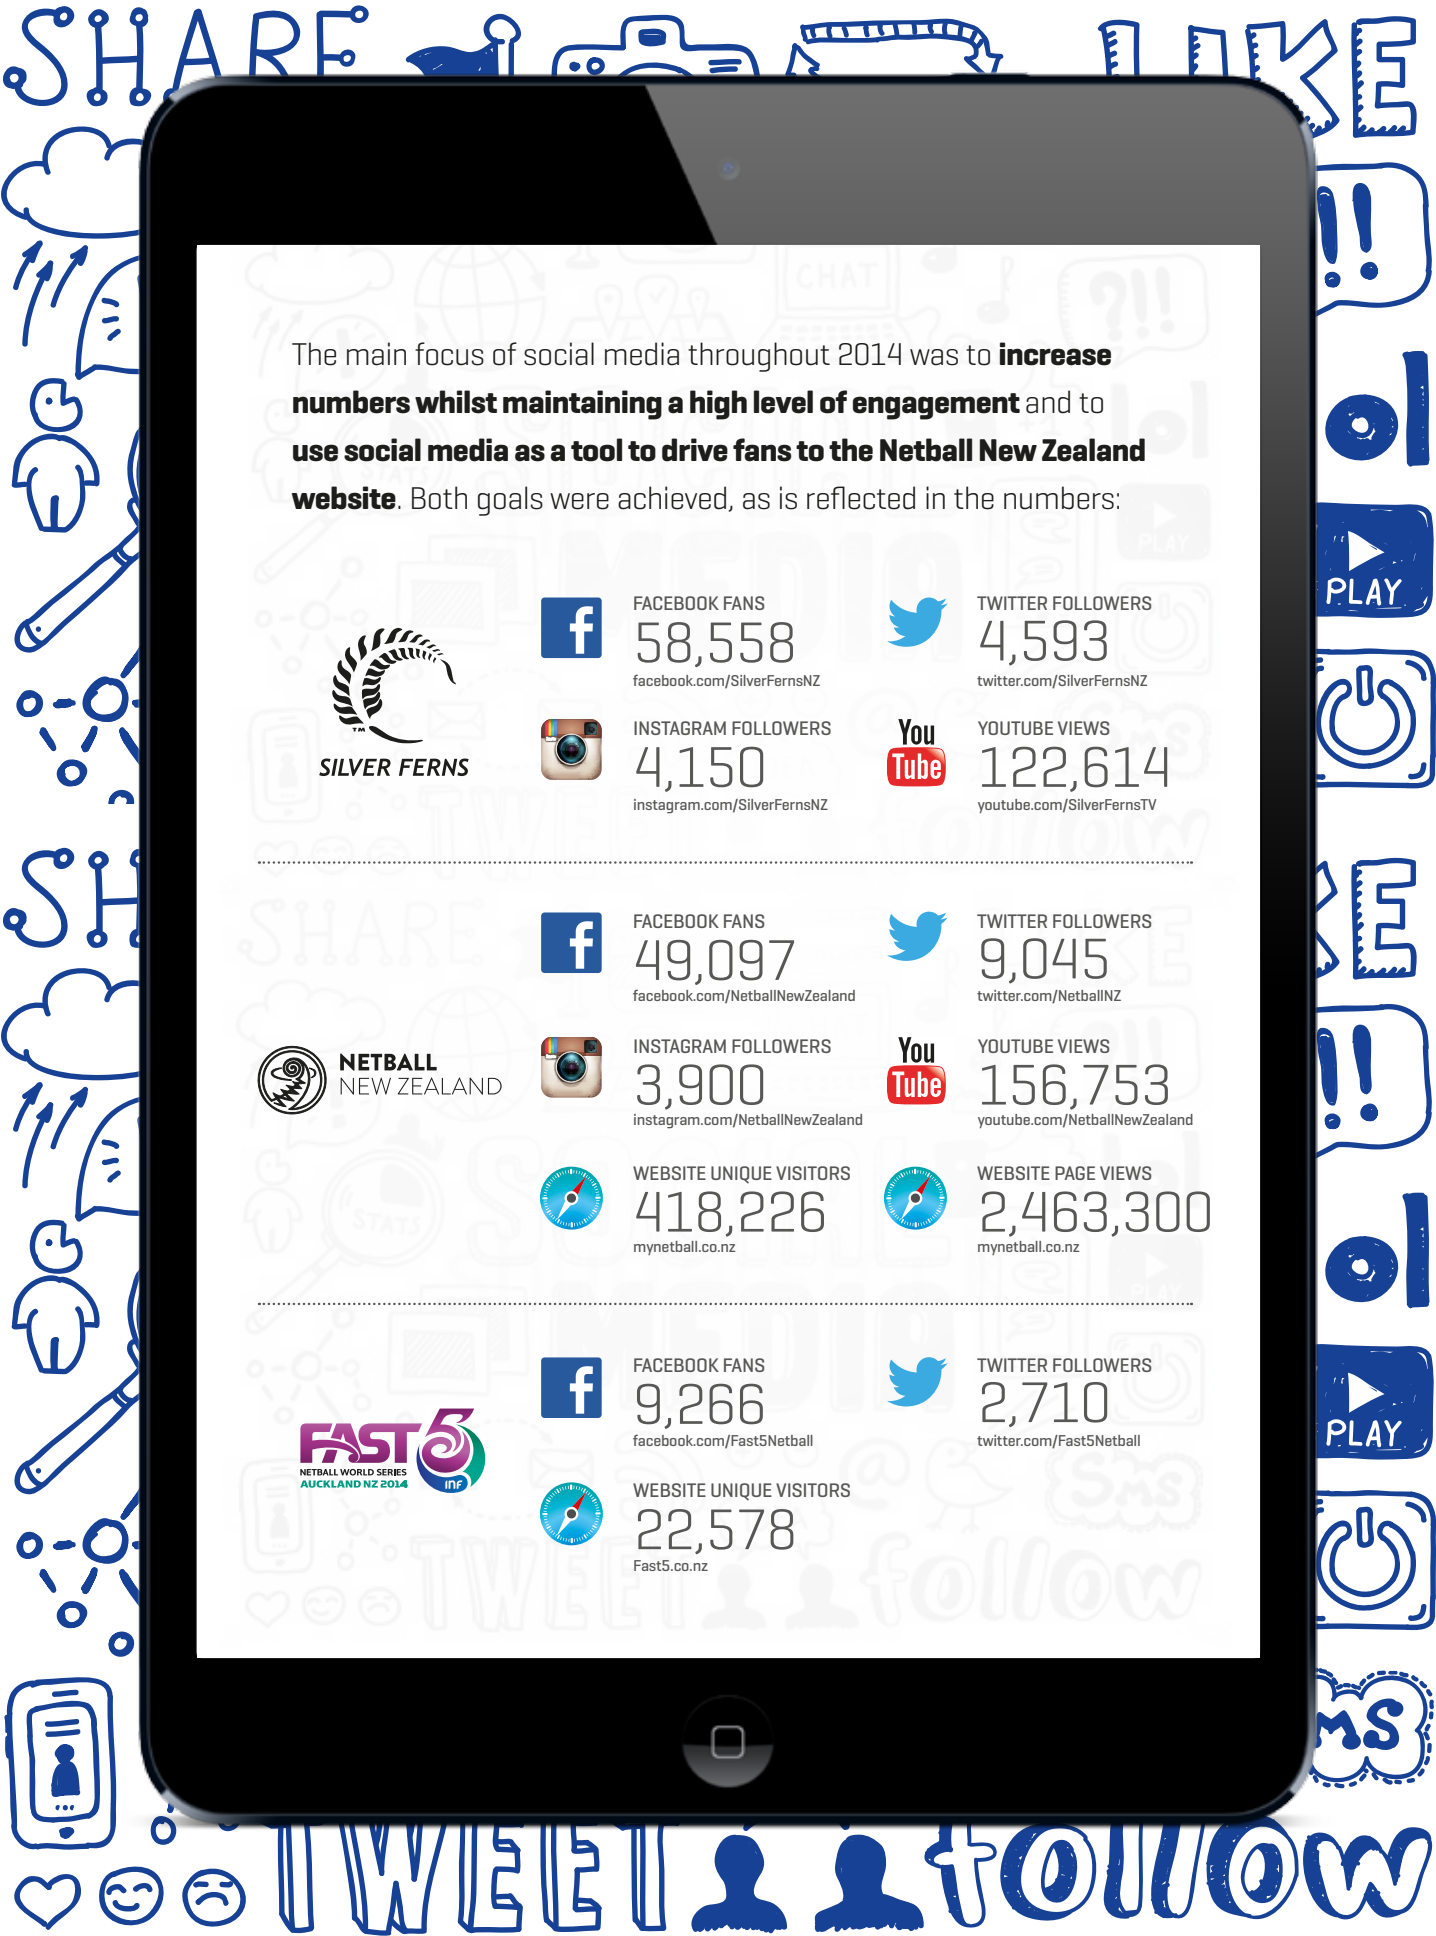

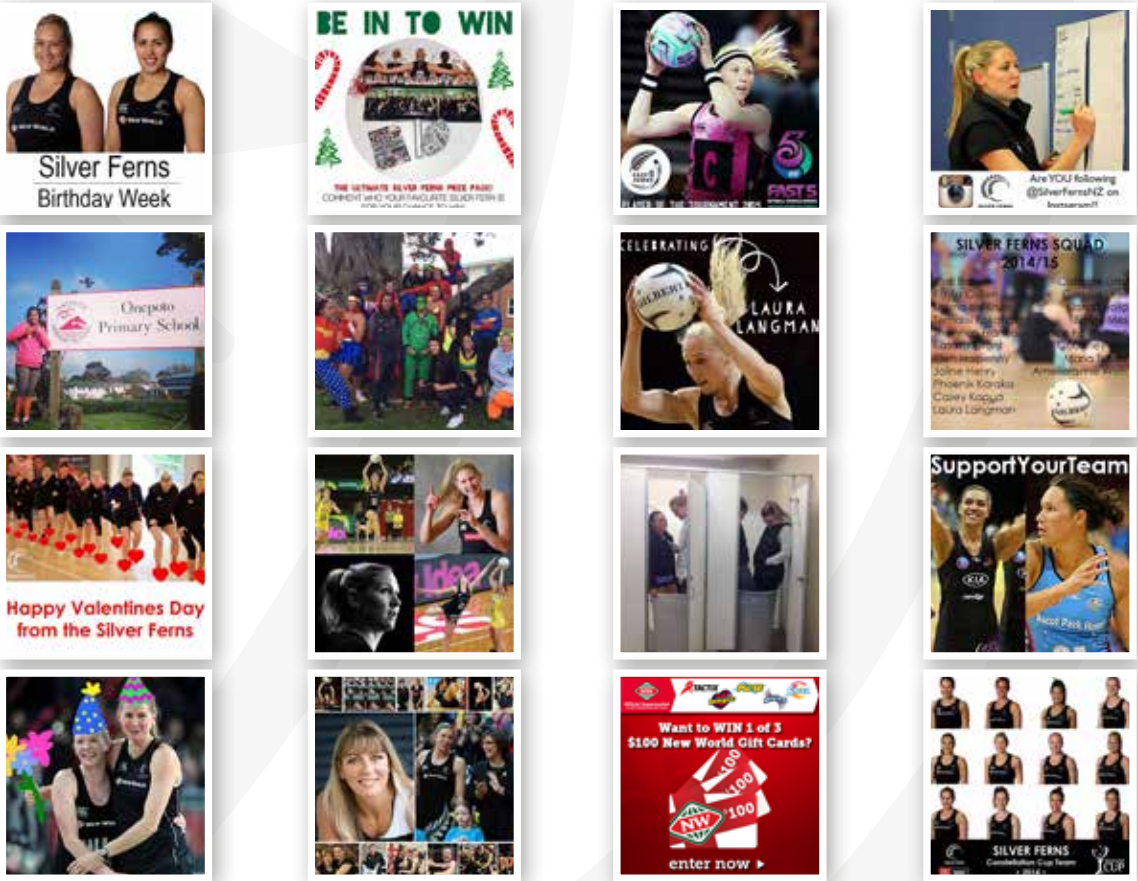

An estimated **354,000 Kiwis** play Netball each year. This includes both affiliated players, and those who play in schools or socially in competitions not affiliated to Netball New Zealand.

Source: Sport New Zealand, 2012. Sport and Recreation in the Lives of Young New Zealanders.
NNZ membership data 2014, GEMBA Sport and Entertainment Report 2012/13.

Social Media & Online

The Netball New Zealand website has grown significantly in 2014, due to its integration with social media. Netball saw not only an increase in numbers on all Netball New Zealand social media platforms in 2014, but it was also the first full year of dedicated Silver Ferns social media. This included Facebook, Twitter and Instagram (all launched end of 2013). There was a total of 367,462 new connections in 2014.

PARTNERS

Elite Sponsor

Elite sponsor New World endorsed its strong relationship with Netball by committing its support for another three-year term from 2014.

The fully New Zealand-owned and operated supermarket chain entered its seventh year of involvement with Netball by continuing its extensive association across a range of teams and events during the year.

In a further boost this year, for the first time, New World was also proud to become the Official Supermarket of the five New Zealand ANZ Championship teams – Northern Mystics, Kia Magic, Haier Pulse, EasiYo Tactix and Ascot Park Hotel Southern Steel.

New World demonstrated its support of the Silver Ferns by producing another light-hearted television advertisement during 2014 called 'We'd do almost anything for Netball'; this has proved a popular and refreshing insight into its close partnership with the Silver Ferns.

New World's support has continued to provide wide-ranging benefits for Netball while also enabling members of the public to have more personal experiences with the Silver Ferns through in-store promotions.

Netball and the Silver Ferns featured prominently at New World supermarkets over the international season, where staff and loyal shoppers enjoyed interacting with a variety of players in personal and friendly environments.

Half-time entertainment featured the 'New World Champs' with four participants from the crowd being selected at each event to shoot groceries into New World nets to win a significant New World gift card. New World's partnership with Starship began in a wonderful start with the integration of a child selected from Starship to be the ball deliverer at the start of the third quarter in each home test match.

New World's ongoing support in 2014 included the Silver Ferns' international home matches – the New World Netball Series for the Constellation Cup against Australia and the New World Netball Series for the Taini Jamison Trophy against an ever-improving England team – and the national age group events, U23, U19, U17, the Lion Foundation Netball Champs and the NZ Secondary Schools Netball Championships.

New World is also the Official Sponsor of the FAST5 Ferns; the New Zealand team once again proved its mastery in the shortened version of the game and claimed the 2014 FAST5 Netball World Series title for the third successive time.

New World's active involvement cuts across many facets of Netball, from grassroots to the elite level, often embracing the wider community.

Other promotional activities:

A consumer promotion held during the New World Test Series offered shoppers a Grand Prize of 'The ultimate Netball World Cup 2015 experience for two' plus four weekly prizes of Fisher & Paykel kitchen appliance packages.

Broadcast Partners

SKY Sport

Highly regarded media partner SKY Sport continued to broaden the boundaries of Netball viewing during a busy 2014. SKY Sport took Netball viewers to many corners of the globe this year with its comprehensive and high-quality coverage.

All Netball matches at the 2014 Glasgow Commonwealth Games in Scotland were broadcast live and the Silver Ferns' individual games received plenty of build-up analysis and post-match comment.

The four-test Constellation Cup series with two games apiece in New Zealand and Australia were all shown live as was the Silver Ferns' two-test home series against England. This ensured that the Netball public was fed a healthy diet of international Netball during 2014. SKY's magazine show *Netball Zone* continued its popularity, with behind-the-scenes features, game insights and relaxed interviews with players.

SKY Sport also provided wall-to-wall coverage of the popular FAST5 Netball World Series. With the tournament condensed into two days this year, all 18 games of the high-energy and colourful event were screened without interruption on the specifically designated SKY Sport 5 channel.

SKY Sport's feed of FAST5 was taken by broadcasters in Australia, England, South Africa and parts of the Caribbean.

It was a similar story for the ANZ Championship with SKY Sport covering the 17-week competition in its entirety.

SKY Sport also provided highlights of the Lion Foundation Netball Champs and the NZ Secondary Schools Netball Championships.

SKY Television's free-to-air partner Prime TV provided test match replays and selected ANZ Championship game highlights.

The Hits

The Radio Network and APN merged into NZME. (New Zealand Media and Entertainment.) in 2014, and the new company continued as Netball New Zealand's Official Radio Broadcasting partner for the Silver Ferns, ANZ Championship and FAST5 Netball World Series through its stations The Hits and Radio Sport.

Both The Hits and Radio Sport were actively involved throughout the year, were present at all major Netball events and delivered great content to their audiences.

The Hits actively contributed with the promotion of events including running fun competitions like the very popular T-shirt cannon at all four home test matches and the FAST5 Netball World Series, plus the The Hits Panic Room competition which was a fantastic promotional opportunity during breaks in ANZ Championship matches throughout the country.

Radio Sport was also a strong contributor with live broadcasts of major events and interviews conducted with players, coaches and other Netball personalities on a regular basis.

Sponsors

Corporate Support

Netball New Zealand would like to formally acknowledge and thank New World and our extended family of sponsors and suppliers for the invaluable assistance they have provided over the past year.

This ongoing support is a key factor in the continued growth of Netball in New Zealand and helps to reinforce the positive brand values that Netball and the Silver Ferns represent and their place in New Zealand society.

We would like to acknowledge gratefully the loyalty of our sponsor partners who continue to keep Netball in strong heart through the quality of their brands and support personnel.

Holden

Holden celebrated its seventh year in 2014 as Official Vehicle Supplier to NNZ and the Silver Ferns. Long-serving Silver Fern Laura Langman is the Holden Ambassador.

Continuing its comprehensive support of Netball in 2014 coincided with a milestone moment for Holden as the iconic vehicle brand celebrated its 60th anniversary of business in New Zealand.

Holden added some fun new promotions to its Netball partnership this year, including the Holden Dream Team – a social media promotion in which 14 fans each won a weekend in Auckland and a corporate box at the FAST5 Netball World Series.

Holden 'Keys to the Court' was another successful Holden promotion in which a spectacular cut-down Holden Trax was rolled onto court with fans competing to activate its special features and win prize packs.

ANZ

ANZ is the Official Bank of NNZ and principal partner of the trans-Tasman competition, the ANZ Championship.

ANZ has an active involvement and strong engagement with the Netball community throughout the ANZ Championship; this is highlighted by a variety of community-focused initiatives. These campaigns have included Community Road Shows run during the season, a generous Community Grants Scheme where the Netball community can apply for financial assistance for a variety of projects, promoted throughout the season via a strong television and digital advertising campaign, and a Future Captains programme which targets young Netballers.

Many smaller communities and schools, low on resources, have benefited from much-needed equipment and playing gear thanks to these ANZ initiatives.

Canterbury of New Zealand

Canterbury of New Zealand has been the Official Apparel Provider to NNZ since 2012.

Well known for its commitment to the best in design, comfort and durability, Canterbury of New Zealand produces start-of-the-art clothing for New Zealand's elite and high-performing Netballers.

Using the latest technological components, Canterbury of New Zealand remains at the forefront of manufacturing top-quality sporting apparel, the Silver Ferns and FAST5 Ferns teams showcasing the special qualities it brings to the different playing strips.

Canterbury of New Zealand also provides a comprehensive range of ever-popular Silver Ferns supporters' apparel, including polos, T-shirts, hoodies and track pants, all with the distinctive Silver Ferns branding.

Pita Pit

Pita Pit is into its second year as Official Nutrition Partner of NNZ and the Silver Ferns.

Taking on the responsibility of feeding an appreciative Silver Ferns team, Pita Pit demonstrates its message which is all about a healthy and quick service of its nutritious meals based around the famous pita bread parcel.

This year, the Pita Pit team was highly engaged in social media campaigns in conjunction with its Silver Ferns alignment. In the latter part of the year, after the end of a busy international season, Pita Pit ran a social media campaign, giving each entrant a chance to 'Win a Coaching session and lunch with Katrina Grant and Kayla Cullen' for their Netball team. This and similar campaigns throughout the year have been supported socially on the Silver Ferns channels.

House of Travel

House of Travel has been the Official Travel Sponsor of NNZ and the Silver Ferns since 2013.

In 2014, House of Travel was appointed as an Official Travel Agent for the Netball World Cup 2015 in Sydney and also offered travel packages for this year's FAST5 Netball World Series in Auckland. House of Travel created SilverFernsTravel.co.nz – offering a range of travel options to many Silver Ferns events. House of Travel also hosted Silver Ferns store visits across the Silver Ferns home test matches. House of Travel in Invercargill instigated a promotion where 50 Netball fans who had purchased tickets to Sydney's Netball World Cup in 2015 were hosted for an event which included an appearance by two Silver Ferns players.

House of Travel Palmerston North created a street festival around the second test against England which was a huge success. House of Travel has signed Silver Fern Maria Tutaia & Irene van Dyk as its ambassadors.

Triumph

Triumph is the supplier of the Official Sports Bra of the Silver Ferns through the Triaction range, ensuring the players are suitably kitted out.

Triumph sponsored the Triumph Player of the Match award during home test matches, generously awarding the winners \$250 vouchers for Player of the Match and a \$500 voucher for 'International Player of the Year', much to their delight!

FAST5 Netball World Series

We would sincerely like to thank Barfoot & Thompson, Holden, KPMG, Yahoo! New Zealand and the New Zealand Racing Board for their fantastic support during Auckland's third successive hosting of the FAST5 World Netball Series in November. All made significant contributions to the success of this popular event.

Yahoo! New Zealand

Major internet player Yahoo! New Zealand continues to be the sponsor of the Silver Ferns and the FAST5 Netball Series.

As the Official Web Services Provider, Yahoo! New Zealand hosted and delivered the content of the FAST5 Netball World Series, ensuring comprehensive coverage from the 2014 event. Coverage included match reports as well as key stories on the personalities and talking points in the lead-up to, and throughout, the action-packed event.

Actively hands-on, Yahoo! also ran fun promotions for the crowd at Vector Arena where a variety of prizes was on offer and had a major presence on the concourse of Vector Arena with Yahoops! and face-painting in the Fanzone.

ANZ Championship

The continued commitment in New Zealand of ANZ, Holden, Interger, Kent, Gilbert and Asics ensured another successful season in 2014 for the "best female sports league in the world". We thank these sponsors sincerely.

Gilbert

Gilbert is Netball New Zealand's Official Ball Supplier, providing all the official match balls for NNZ competitions.

Asics

Asics is the Official Footwear Supplier to NNZ and the Silver Ferns and we acknowledge its support and the advice it provides in ensuring that our players are wearing the correct footwear to enable high performance and assist with injury prevention.

Thanks also to our official suppliers:
Fuji Xerox and Elastoplast.

Sport New Zealand and HPSNZ

Netball in New Zealand is fortunate to be working closely with Strategic Partners Sport New Zealand [Sport NZ] and High Performance Sport New Zealand [HPSNZ].

Sport New Zealand is the government body for sport in New Zealand from grassroots to High Performance. HPSNZ [as a subsidiary of Sport NZ] leads high performance sport in New Zealand. Netball New Zealand is one of the few sports designated as targeted sports at both community and high performance levels, due to our large participation base and success on the international stage. NNZ would like to acknowledge the excellent support and guidance received from Sport NZ Relationship Manager Paul Heron across both community and high performance sport.

NNZ would not be able to operate without the significant funding and backing from Sport NZ, which enables the organisation to invest in the development of Community Netball and provide effective programmes of support for our players, coaches and umpires. The financial support is vital but this is supported by expertise and we would like to acknowledge Rodger Thompson and Andrew Eade for their ongoing support of Netball in New Zealand.

Sport NZ and HPSNZ provide an injection for all levels of Netball in New Zealand from grassroots in our communities right through to our more-visible teams like the Silver Ferns as they continue to strive for excellence on the international stage.

HPSNZ offers support to NNZ's high performance Netballers by providing an enviable range of important services which covers all aspects of a player's career both on and off the court using its one-stop-shop approach. Our elite players have been able to access the best athlete performance support including medical services and the latest in sports science from HPSNZ.

This was a year of transition for High Performance at NNZ with the department undertaking two major reviews to ensure the high performance space in Netball in New Zealand has longevity and produces results. Byron Thomas, Eddie Kohlase, Adrian Blincoe and Tracey Paterson were instrumental in shaping these reviews.

The National Player Development Project was a high-priority initiative for the NNZ Board to provide one integrated national view on player development and to establish an effective system to provide future success on the world stage. The plan will roll out in 2015 to provide a clear way forward for players at Centre, Zone and national levels.

The second major project was the High Performance Coach Development Review which was aimed at making sure our top-quality coaches in New Zealand are provided with effective development support. A small number of coaches were selected to be part of this innovative and intensive programme.

As Netball is one of the most high-profile, high-participation sports in New Zealand, NNZ is committed to continuing to grow the sport at all levels. We look forward to enhancing these important relationships further with Sport NZ and HPSNZ, with positive outcomes for all.

COMMUNITY NETBALL

Community Netball

Under the Community Netball umbrella, a definitive focus and key area in 2014 was placed around Junior Netball and it is exciting to report an 11 per cent growth in membership this year.

The new national Junior Netball programme, which has been designed around modified games and skill and coach development, ensured lots of resources were delivered out into the Netball Centres.

Phase one of the programme was rolled out in 2014. Netball New Zealand had an initial target of 40 Netball Centres participating, and there was an overwhelmingly positive response when 70 of the 86 picked up the Year 1 & 2 programme.

The feedback from parents and Centres has been very positive while the Zones have been fully supportive in coordinating the programme and helping the Centres with delivery.

We would like to acknowledge the Zones and the five Community Netball Managers, with whom NNZ has worked in close partnership, and who have been hugely supportive in helping to roll out this new programme throughout the country.

In another huge success, 1,200 new coaches, many being secondary school students and parents, came through the new Junior Netball coach development modules and workshops.

In terms of umpiring in Community Netball, we've retained a focus on the Coach and Assessor Training (CAT) workshops. Introductory, Level 1 and Update workshops were run in 2014 with the emphasis on training umpire coaches and assessors to help increase the quality and support of our umpires.

There has been a strong response to this programme, which is into its third year, and we now have umpire coaches in most Centres around the country. We will continue to focus on this area in 2015.

The successful Outreach Programme continued in 2014. This is an initiative designed to go into smaller areas of the country; this year, it ventured to the five Netball Centres in Waiuku, Gisborne, Taranaki, Motueka and Wakatipu.

Included on these visits were workshops centred on coaches and umpires working more effectively, helping Centres connect with their communities and on delivering the core NetballSmart messages.

Another project we have conducting some research around secondary school Netball which looked at motivations for teenage girls in Netball. This will assist with the development of new programmes for targeting this core group of players.

The New Zealand Secondary Schools Sports Council (NZSSC) 2013 census revealed that Netball is the most-played sport at secondary school level, so research into this key participant area is important.

Coach Development

CoachForce, this year, worked on a relaunch and refresher of the Coach Development framework, which has now identified four clear levels – Foundation, Community, Performance and High Performance.

The CoachForce team, continued the development of coaches throughout New Zealand and supporting the Coach Development Framework.

The team consisted of Robin Manihera (Netball Northern), Dale Atkinson (Netball Waikato Bay of Plenty), Lindsay Filiata (Netball Central), Jennie Hooper (Netball Mainland) and Noeline Scott (Netball South).

This year's National Road Show focused on 'Coaching with Confidence' and was delivered by Janine Southby, current Southern Steel and FAST5 Ferns coach and former NZU21 coach.

The popular Janine Southby took the road show to all five Netball Zones, the reception from each producing impressive turnouts. The focus on how we can support secondary school coaches better ensured that large numbers of coaches from that key area took part.

In terms of Junior Netball, one of the coaching priorities has been the redevelopment of coaching workshops to align with the new Junior Netball programme. That has meant targeted workshops for Star Helpers, Junior Coordinators and Year 3&4 coaches, which were all launched this year.

The Performance Coach Award was relaunched this year and three of the five new advanced coaching modules have been released – Skill Acquisition, Mental Skills and Enhanced Performance. Performance Coach is designed to align with the National Player Development plan and support coaches

working with our talented players.

Another success this year was the Apprentice Coach programme where 12 identified talented coaches from across the country worked with the Lion Foundation teams at the national championships.

It's an intensive week for the apprentice coaches with lots of external presentations as well as times of working alongside the team. They are, therefore, in a real-life coaching environment but also are receiving personal development opportunities.

These are the coaches that, we hope, will become the next Lion Foundation coaches and, ideally, beyond that, ANZ Championship and Silver Ferns coaches of the future.

NNZ is hugely grateful for its support of Netball in New Zealand, through the funding of the nation wide coach development programme and CoachForce.

NZ Community Trust

Netball
Smart

NetballSmart

Thousands of Netballers have access to NetballSmart across all Zones with resources being distributed nationwide to Centres throughout the year.

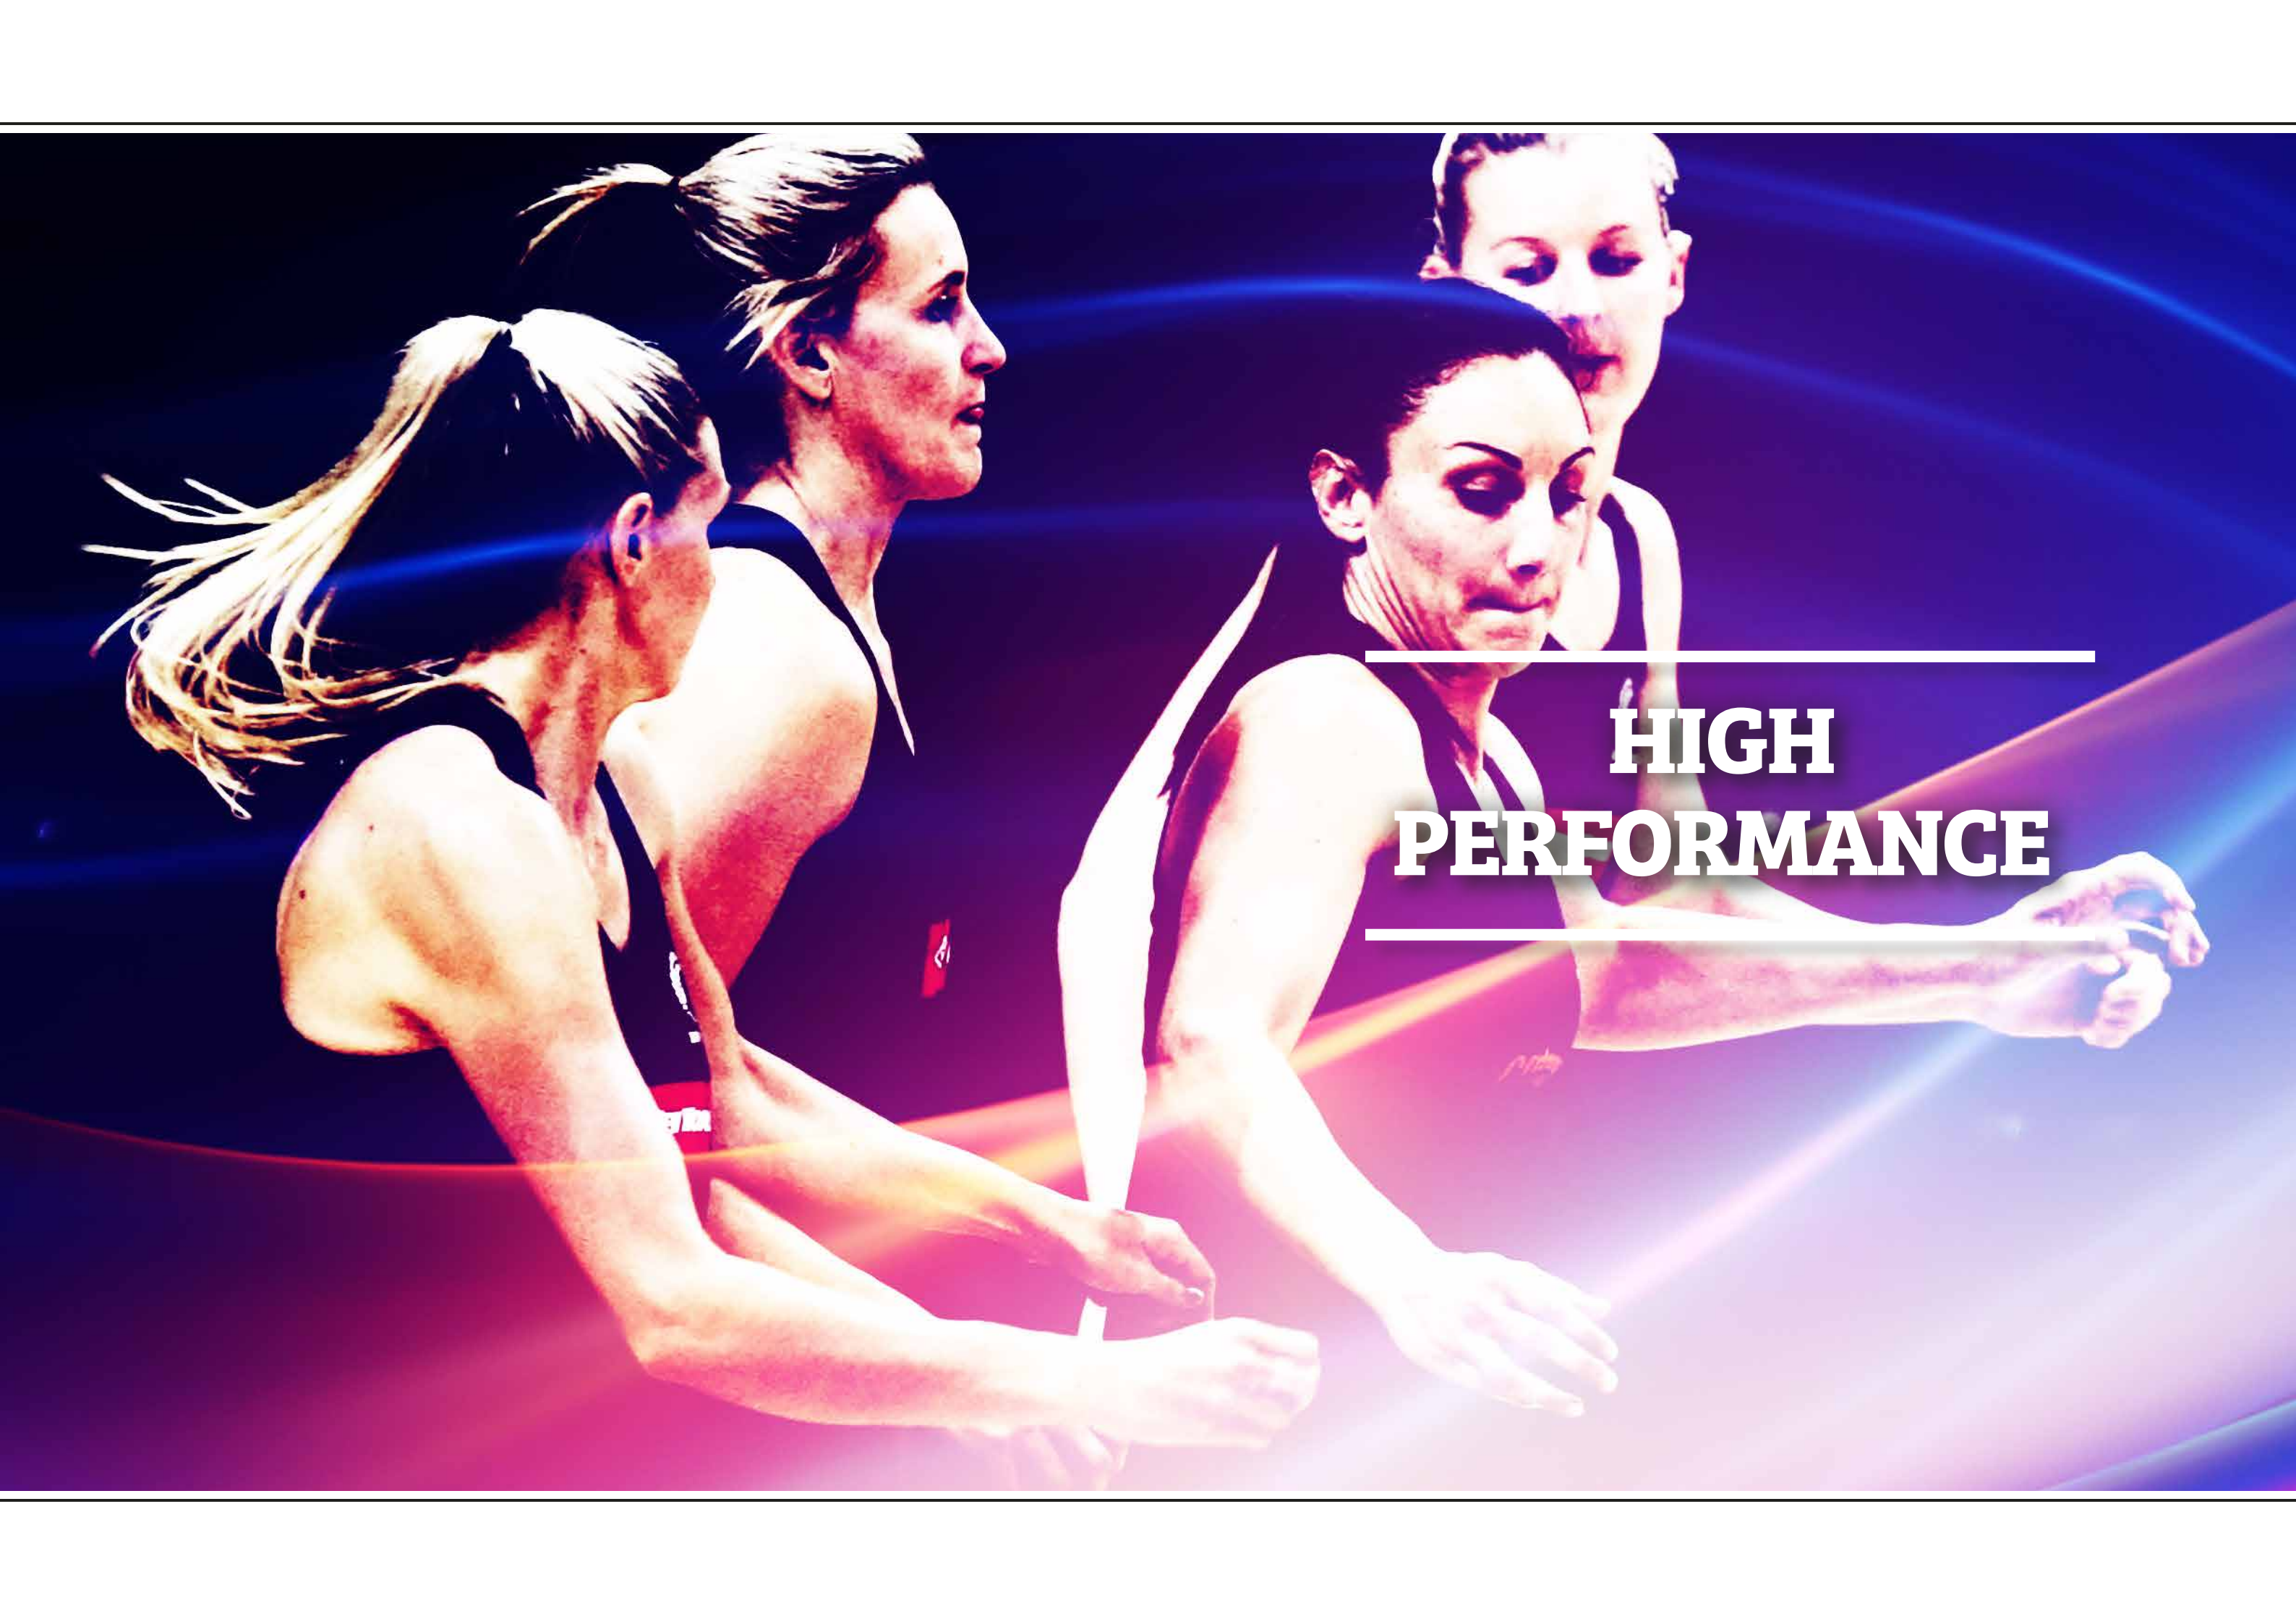

With the invaluable support of Accident Compensation Corporation (ACC), the NetballSmart programme continues to educate on the benefits of performance enhancement and injury prevention, supported by coach, player and umpire resource development.

With a growing demand from players, coaches and umpires to maximise performance and lessen injury rates, workshops and sessions remain ongoing features of the NetballSmart programme. NetballSmart was an important part of this year's Outreach Programme and delivered sessions to coaches and umpires on the importance of core stability and demonstrated effective warm-up and cool-down sessions, which coaches can deliver with their own players.

These initiatives continue to draw growing numbers, with more NetballSmart facilitators helping to deliver the programme while merging it with Netball New Zealand's MyNetball website, where users can download all NetballSmart resources free of charge, proving invaluable.

Research remains an important focus of NetballSmart as it ensures the programme remains up to date and the best information and advice is passed on to the Netball community.

NetballSmart
www.netballsmart.co.nz

HIGH PERFORMANCE

High Performance

Netball New Zealand retains its high profile both nationally and internationally, thanks to the support of Sport New Zealand and High Performance Sport New Zealand and to the Silver Ferns retaining their number-two ranking in the world.

Two major reviews were undertaken in 2014, the results of which underpin the high performance space into the future at both player and coaching levels. The newly developed High Performance Coach Development Programme is a new initiative developed to ensure elite coaches are receiving the support and ongoing development needed to ensure sustainability and longevity.

Each coach will have their own personal development plan and mentoring, assistance with leadership development and formulation of winning strategies. They will gain the opportunity for cross-sport experience whilst having access to the Silver Ferns and ANZ Championship environments.

Looking forward, NNZ will provide more support to New Zealand coaches within the High Performance Coaching framework that covers both theory and practical application of coaching in the high performance environment.

The second major review resulted in developing NNZ's recently adopted National Player Development Plan, outlining a clear pathway for improving player development in New Zealand, aligned with the new Zone governance, administration and delivery structures.

One of the immediate impacts was the realignment of the national squads in New Zealand: Silver Ferns, New Zealand A (NZA) and the newly introduced National Development Squad. While the Silver Ferns Squad framework remains the same, the NZA team has been re-established to ensure the next tier of Silver Ferns is engaged in the high performance programme and given opportunities to continue to develop.

The key event over the year for the Silver Ferns was the 2014 Glasgow Commonwealth Games, in which they finished with a Silver medal. In November, NZA played England and was victorious, awarding players vital experience playing against the third-ranked team in the world.

October was a busy month for the Silver Ferns with six test matches; four against the Australian Diamonds for the Constellation Cup and the two-match series for the Taini Jamison trophy. The National Development Squad replaces the National Accelerant Squad and NZU21 Squads and is separated into two tiers – an Accelerant tier and an Under 21 tier. These two tiers are for players who are on the player pathway to higher honours.

A special mention must be made of HPSNZ's Eddie Kohlase who has been instrumental in forming these two reviews, with positive outcomes resulting almost immediately.

It would be amiss not to mention the talented group of support staff at the high performance level throughout the country including managers, strength and conditioning experts, nutritionists, video analysts and physiotherapists, who together do an amazing job of keeping our top athletes in peak form through Age Group events, Zone-level competitions and the ANZ Championship.

EVENTS

Events Time Line

Events and International

Age Group Nationals

This year, a combined team from the State Institute of Sport and State Academies of Sport [SISSAS] programme, which is run across various states in Australia, was selected to come to our national U23 tournament. The team was coached by former Australian captain Michelle den Dekker and new Tactix coach Sue Hawkins.

It proved to be a great addition to the competition and the team enjoyed the opportunity to be part of the new rules trials which were incorporated into this event.

The combined Australian team joined the five Netball Zone teams to make the event a six-strong competition, providing the opportunity for all teams to trial four rules under current discussion. For the New Zealand players, at a critical stage of their development, it also offered great exposure and a valuable opportunity to play against the Australian style.

Rules Trials

The rules trials in place at the U19 and U23 tournaments were, by and large, very well received. The rules affected were: two-point goals; no whistle sounded after a goal was scored; stoppages kept to 30 seconds; and only one foot was required in the centre circle for the centre pass-off.

The international body’s Rules Advisory Panel is now in the process of finalising proposals to go to the International Netball Federation [INF] Congress, before the Netball World Cup in August 2015.

Record numbers attended this year’s national U17 tournament held at North Harbour with 39 teams taking part: surpassing previous records since its inception as a national event in 2009. The addition of the U23 event to the calendar in recent years has resulted in higher-quality matches and competitions in the U17 and U19 age groups.

Live streaming was introduced at this level for the first time and was very well received at the U17 event.

New World Netball Series Constellation Cup & Taini Jamison Trophy

After four years, Netball returned to the newly rebuilt

ILT Stadium Southland for the first test of the New World Netball Series for the Constellation Cup. The game was very well supported by the wider Southland sporting public.

It was wonderful to be able to take our three remaining home test matches to The Trusts Arena in Waitakere, Energy Events Centre in Rotorua and Palmerston North’s Arena Manawatu where the Silver Ferns are always warmly embraced.

ANZ Championship

In the ANZ Championship, games were taken to the Saxton Stadium in Nelson for the first time.

One of the consequences of the earthquakes in Canterbury has been that Mainland has had to become quite creative around the hosting of its home matches for the Tactix in the ANZ Championship. That has resulted in Nelson being involved and, in 2015, that practice will extend to Blenheim.

The Nelson District Council was an enthusiastic participant in encouraging ANZ Championship Netball into their city as the Tactix broke new ground in opening up other options for where league matches are held.

FAST5 Netball World Series

Hosted in Auckland, the third year of the FAST5 Netball World Series proved the biggest and brightest yet with the event fully embraced by the public.

Host broadcaster SKY Sport covered every match live on SKY Sport 5: an indication of how strongly the event is viewed by one of our key partners. Following on from last year’s success and the popularity of the event globally, matches were broadcast to Australia, South Africa, England and the Caribbean.

In the final year of a three-year contract to host the event, New Zealand can be proud of how it has created this version of the shortened format, initiated and developed the event and demonstrated that there is an appetite and place for FAST5 within the Netball world.

The objective of ‘sportainment’ has well and truly been achieved. That other sporting codes have visited and viewed our product and what we’ve done is a real compliment.

Silver Ferns UK Tour

FAST5 Netball World Series

The FAST5 Ferns team continued its stunning success in the shortened version of the game when sealing a third successive FAST5 Netball World Series title at Vector Arena in November.

FAST5 has continued to capture a growing audience while being fully embraced by the players as an entertaining yet highly skilled exhibition of Netballing talent; the 2014 edition did not disappoint.

In the final of its three-year contract of hosting the event, Auckland turned on the razzle-dazzle, the energetic and colourfully dressed crowds adding to the occasion as the top six international teams in the world put on a show to remember.

From the time they went on sale, tickets flew out the door, and the FAST5 Ferns went on to complete the remarkable record of remaining unbeaten in the three years of the FAST5 Netball World Series.

In 2014, the FAST5 Netball World Series was moved from the previous three-day format to a two-day event, altering the draw slightly and, as a result, making it slightly more cutthroat for the teams.

The loss of established players Maria Tutaia, Casey Kopua and Irene van Dyk ahead of the tournament posed a question mark of just how an untried and young FAST5 Ferns team would fare.

With its natural affinity and technical ability easily adapted to the FAST5 concept, the home team excelled during the tournament, in the process unveiling a clutch of new stars in the form of Temalisi Fakahokotau, Kayla Cullen, Bailey Mes, Grace Rasmussen, Malia Paseka and Jamie-Lee Price who ensured that the FAST5 Ferns rich tradition was retained.

Laura Langman, the player of the tournament, and Katrina Grant, both excelled during the event and ensured the FAST5 Ferns remained the benchmark in this form of the game.

And, with it, they presented Irene van Dyk a fitting farewell when posting a 35-31 win over the Australian FAST5 Flyers in the Grand Final, a rematch of last year's final.

Having to withdraw from her swansong event with a back injury on the eve of the tournament, the recently retired van Dyk was chaired into the stadium as the FAST5 Ferns, Australia, England and the boisterous crowd paid homage to the great shooter ahead of the final.

A special thank-you to our family of FAST5 partners: New Zealand Major Events, ATEED, Barfoot & Thompson, Holden, Yahoo! New Zealand, KPMG and The Hits. Thanks also to media partners SKY Sport, Radio Sport and official suppliers Canterbury of New Zealand, Gilbert and Oceania LED.

ANZ Championship Overview

The ANZ Championship enhanced its credentials as the world's premier Netball league, both on and off the court, as 2014 delivered its most unpredictable edition yet.

Celebrating its seventh year, the trans-Tasman league continued to hit new levels; the fitness, skill, athleticism and flair delivered by the players was matched by a growing number of spectators thirsting to view the action.

Throwing up more surprise results than have occurred in previous years ensured a riveting spectacle and eagerly anticipated match-ups throughout the 14-week regular season and certainly drew the crowds.

With all 69 matches shown live across SKY Sport in New Zealand and FOX Sports in Australia, viewing audiences remained strong while 2014 also produced a match attendance record.

This year, more fans and followers attended the ANZ Championship than ever before with Round 12 breaking the record for the largest crowd during a single regular-season round, despite one fewer match being played than during the previous record round in 2009.

Mainstream and social media also clamoured to be part of the action, all facets of the competition receiving increased interest and coverage from a wide range of mediums during 2014.

Plenty of player movement in the off-season produced a more even spread across this year's teams, particularly in the five New Zealand franchises, and resulted in a closer competition and a greater likelihood of upsets.

And that is exactly what eventuated when the order of the teams to contest the Finals Series was not established

until the penultimate match of the final round of the regular season. Depending on results, all of the top four teams heading into the final round had a chance to finish as the Minor Premiers.

This was a first for the competition and, not for the first time during the season, an unlikely string of late results caused some dramatic reshuffling of final positions in a tense and eagerly anticipated run to the play-offs.

It was a mixed bag for the New Zealand teams where underdogs Kia Waikato Bay of Plenty Magic shone brightest while the highly fancied Haier Pulse and Northern Mystics fell short of expectations, given the calibre of players in both sides.

Magic broke new ground this year when Julie Fitzgerald became the first Australian to coach a New Zealand team in the league. But with nine personnel changes and the loss of key players, Magic was largely written off ahead of this year's campaign.

However, the experienced Julie Fitzgerald and inspiring captain Casey Kopua wholeheartedly embraced the challenge of moulding a new-look Magic into a highly competitive unit.

The team's fighting spirit and growing self-belief were standouts as they continued to exceed expectations in maintaining Magic's fine record. A battling four-goal loss to the Queensland Firebirds in the Preliminary Final sealed a highly credible third-place finish for the Waikato Bay of Plenty team and its seventh successive Finals Series: the only team to achieve this feat.

Ascot Park Hotel Southern Steel was the next best of the New Zealand teams but were left to lament a slow start to the season which ultimately cost them a place in the top four. Hitting their straps late in the piece, the southerners showed their worth with a productive late-season burst to seal fifth place.

There was, however, plenty to be encouraged about for the future with the team's wealth of young talent across all areas of the court making strong impressions.

The Pulse finished sixth on the major league table. In general, the team from the capital played well against its compatriots but, with 10 current or former internationals on its roster, could not find a way to win the Australian contests.

The equally talented Northern Mystics were seen as a leading force also ahead of this year's competition but losing four of its first five matches put it on the back foot early.

Stylish wins over the West Coast Fever and NSW Swifts to end the team's season highlighted what might have been in an otherwise fruitless campaign in finishing seventh. However, one shining light was the emergence of rookie defender Temalisi Fakahokotau who was an individual standout.

The Mainland Tactix propped up the bottom of the table but played better than its position reflects. With the exciting addition of Malawi shooter Mwai Kumwenda lighting up its attacking end, the Tactix played with flair and innovation. It pushed other teams closely on many occasions, showing continued improvement throughout the season.

Coach Leigh Gibbs ended her tenure with Tactix at the end of the season, after three years at the helm, but has left a strong foundation of youthful talent well prepared to take the next step up.

Players lining up for New Zealand teams featured strongly in the end-of-season awards with Magic's England import Jo Harten being named joint MVP with Swifts midcourter and captain Kim Green. In her first season with Magic after moving north from the Tactix, the lofty shooter with the unflappable temperament was a model of consistency and accuracy in playing her part in the team's success this year.

Instrumental in helping steer Magic to the Preliminary Final, the successful Fitzgerald/Kopua partnership was duly rewarded when Kopua was the only New Zealander to make the public-voted All Stars team, at goal defence, with Fitzgerald as its coach.

The Steel's towering Jhaniele Fowler-Reid was named goal shoot in the All Stars team for a second successive year, the

Jamaican import becoming the player to score 1,000 goals in the shortest time in the competition.

Kumwenda capped an outstanding debut season when named the Best New Talent for 2014.

The first Malawian to play in the ANZ Championship, Kumwenda's unique style, flair, aerial skills and athleticism made her an instant hit with all involved. She was the leading scorer in the league with 540 goals at 91.4 percent accuracy.

College Netball

3 March – 26 May 2014

One of the success stories of 2014 was the College Netball competition, showcasing rising young talent throughout the country. This competition is now into its fourth year. Twelve of the matches featured on SKY Television as curtain-raisers

to ANZ Championship matches, exposing the teams to nationwide coverage and highlighting the rivalry between some of the country's top Netballing schools.

NZU23 Netball Championships

Edgar Centre, Dunedin
7 - 10 July 2014

The Wintec Waikato Bay of Plenty Zone team was too good for Ascot Park Hotel South Zone in the final of the NZU23 Netball Championships in Dunedin; the team winning in a thriller, 60-58.

Five Netball Zone teams and an invitational team from Australia competed for the U23 title with some highly competitive games featured over the four days of the tournament.

NZU19 Netball Championships

Edgar Centre, Dunedin
7 - 10 July 2014

Nineteen teams contested the NZ Age Group Netball Championships U19 in Dunedin in 2014, with the team from Manawatu holding the trophy aloft after four days of intense

competition. In the final match, Manawatu improved on its 6th-place finish in 2013 and was too accurate and slick for the gutsy team from Eastern Waikato.

Lion Foundation Netball Champs

The Trusts Arena, Auckland
29 September – 3 October 2014

New Zealand’s national Netball tournament – the Lion Foundation Netball Champs – was held at The Trusts Arena in front of an enthusiastic crowd of supporters, cheering on the next tier of Netballing talent while the Silver Ferns team was on tour in Australia for the Constellation Cup.

Christchurch was the form team all week and featured a myriad of ANZ Championship players and Silver Ferns Squad members, all keen to showcase their talent to national selectors. The North Harbour team was the worthy finalist under coach Yvonne Willering.

International Schoolgirls Netball Challenge

Netball SA Stadium, Adelaide, Australia
16 – 23 May 2014

Some of the region's top young Netball talent descended on Adelaide in May for the International Schoolgirls Netball Challenge [otherwise known as the trans-Tasman Secondary Schools Netball Tournament]. The New Zealand Secondary

Schools Netball team [NZSS] dominated the opposition and remained unbeaten throughout the five-day tournament. The team won the trophy, beating School Sport Australia in the final, 39-30.

Netball New Zealand Council

Hamilton, 22nd February 2014
Novotel Tainui Hotel, Hamilton

Hamilton was the city of choice for the 87th Annual General Meeting of Netball New Zealand at the Novotel Tainui Hotel in February where 144 delegates and observers attended plus NNZ staff, Life Members and the NNZ Board.

A highlight was when fifteen of New Zealand's most dedicated contributors to the game of Netball were honoured at the AGM, receiving a Netball New Zealand Service Award.

Oceania Netball Federation

The focus over the past two years in Oceania has been on umpire development. There have been some very positive outcomes from this focus; however, there remains a challenge in maintaining the level of consistent matches for the ongoing development and progression of umpires towards attaining higher honours.

There has been some encouraging progress in the umpiring space in the region:

- Zone/Oceania Theory passes 2014: 21 from 37 candidates
- New Zealand Theory passes 2014: 0 from 1 candidate
- Zone/Oceania Theory passes 2013: 5 from 12 candidates
- New Zealand Theory passes 2013: 4 from 4 candidates
- Fiji's Jona Saturu and Luci Matenga from the Cook Islands are the top-ranked umpires in the region. Both were invited to the National Umpire Squads workshop in New Zealand in December and both umpires have NZB Awards.

Annual General Meeting (AGM)

In June, the Oceania Netball Federation held its AGM in the Cook Islands alongside the hosting of the Pacific Netball Series and the Netball World Cup qualifying event.

The AGM was well attended and there was good discussion on a number of topics throughout the time shared together. Finance continues to be a challenging area with the withdrawal and cessation of the PNP funding, leaving several Oceania countries with half-completed projects and no ability to maintain and/or develop them further.

The Netball World Cup qualifying event was well contested;

however, Fiji was quite dominant in the end, winning the event and the first qualifying position for the Netball World Cup in 2015. Samoa came second while Papua New Guinea (PNG) and the Cook Islands were also competitive.

The Pacific Games will be held in 2015 in Papua New Guinea and under INF eligibility regulations for the first time ever, Oceania Netball Federation (ONF) is looking forward to a well-contested Netball competition. The 2015 Oceania Netball Series has been announced, this will be the first time the Silver Ferns have ever played an international test series in Fiji. There will also be a focus on development programmes, for coaching and bench officials. The coaching area has been identified by several countries as important as they seek to prepare their Under 21 teams for the next World Youth Netball Championships.

Bench officials, too, are seen as a key area as the countries seek to ensure delivery of their events is equal to the best in the world. This area of the game is one where all countries can excel, regardless of their playing strength.

Development programmes to support both of these will be implemented in early 2015 with longer-term development planned if these next initiatives are successful.

Associate Members: New Zealand Men's & Mixed Netball Association

The New Zealand Men's & Mixed Netball Association enjoyed another great year in 2014, highlighted by the Mixed National Tournament held in Auckland in April and the National Men's competition, which celebrated its 30th anniversary in Rotorua in September.

The Mixed National Tournament was hosted at the Auckland Netball Centre with 12 teams from Netball Northern and two from Canterbury competing in the annual tournament. It's hoped that more teams from around the country will enter over the coming years.

The National Men's Tournament was as hotly contested as it always is in Rotorua in September with North Harbour defeating Canterbury A in the final for the first time.

2014 Mixed National Tournament Results

2014 Cup Final

Winner North Harbour Maroon

Runner-up Canterbury Black

Most Valued Player Amanda Siave [Canterbury Black]

2014 Bowl Final

Independent Auditor's Report

To the members of Netball New Zealand Incorporated
Report on the incorporated society and group financial statements

We have audited the accompanying financial statements of Netball New Zealand Incorporated ("the incorporated society") and the group, comprising the incorporated society and its joint venture interest, on pages 130 to 134. The financial statements comprise the statements of financial position as at 30 November 2014, the statements of financial performance and statement of movements in equity for the year then ended, and a summary of significant accounting policies and other explanatory information, for both the incorporated society and the group.

The Board's responsibility for the incorporated society and group financial statements

The Board is responsible for the preparation of incorporated society and group financial statements in accordance with generally accepted accounting practice in New Zealand that give a true and fair view of the matters to which they relate, and for such internal control as the Board determines is necessary to enable the preparation of incorporated society and group financial statements that are free from material misstatement whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these incorporated society and group financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing (New Zealand) and International Standards on Auditing. Those standards require that we comply with ethical requirements and plan

and perform the audit to obtain reasonable assurance about whether the incorporated society and group financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the incorporated society and group financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the incorporated society and group's preparation of the financial statements that give a true and fair view of the matters to which they relate in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the incorporated society and group's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates, as well as evaluating the presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Our firm has also provided other services to the incorporated society and group in relation to taxation and general accounting services. Subject to certain restrictions, partners and employees of our firm may also deal with the

incorporated society and group on normal terms within the ordinary course of trading activities of the business of the incorporated society and group. These matters have not impaired our independence as auditor of the incorporated society and group. The firm has no other relationship with, or interest in, the incorporated society and group.

Opinion

In our opinion the financial statements on pages 130 to 134:

- comply with generally accepted accounting practice in New Zealand;
- give a true and fair view of the financial position of the incorporated society and the group as at 30 November 2014 and of the financial performance of the incorporated society and the group for the year then ended.

Report on other legal and regulatory requirements

In accordance with the requirements of sections 16[1](d) and 16[1](e) of the Financial Reporting Act 1993, we report that:

- we have obtained all the information and explanations that we have required; and
- in our opinion, proper accounting records have been kept by Netball New Zealand Incorporated as far as appears from our examination of those records.

KPMG

Notes to the Financial Statements

For the year ended 30 November 2014

1. Accounting Policies

Basis of Reporting

Netball New Zealand Incorporated (NNZ) is an Incorporated Society in New Zealand. NNZ is a Public Benefit Entity.

The financial statements have been prepared in accordance with NZ GAAP and s23(i) of the Incorporated Societies Act 1908.

NNZ is not publicly accountable and is not large as defined by NZICA Framework for Differential Reporting.

The Incorporation has claimed the following reporting exemptions:

[a] FRS10 Statement of Cashflows

[b] FRS3 Accounting for Property, Plant & Equipment

These financial statements have been prepared on the basis of historical cost with the exception of certain items which are detailed below.

Financial reporting changes

The External Reporting Board of New Zealand ("XRB") has released a new accounting standards framework effective 1 April 2014. Netball New Zealand are currently reporting under old NZ GAAP. Under the new XRB framework management expect they will prepare Special purpose financial statements.

Going Concern

The financial statements have been prepared on a going-concern basis.

Goods & Services Tax

Figures shown in these financial statements are exclusive of GST, with the exception of accounts receivable and accounts payable.

Revenue Recognition

The revenue from Sponsorship contracts is allocated over the term of the contract. Where the Sponsorship relates to a specific event the revenue is recognised when the event occurs. The revenue from Grants that are project specific is recognised when the project occurs.

Contra

Contra received is recognised as Sponsorship revenue when amounts are quantifiable in terms of the Sponsorship contract.

Accounts Receivable

Accounts Receivable are shown at an amount which represents their estimated realisable value.

Investments

Investments have been valued at market value as at 30 November 2014. They have been recognised through a revaluation reserve.

Plant, Equipment and Depreciation

Plant and Equipment is stated at cost less accumulated depreciation. Plant and Equipment have been written off over their estimated useful lives on a straight line basis to calculate the depreciation charge for the period as follows:

Office Alterations 10 years

Office Equipment 2-5 years

Furniture & Fittings 2-15 years

Other Equipment 2-5 years

Uniforms

Uniforms are expensed at the time of purchase, unless purchased for future squads.

Interest in Joint Venture

The Joint Venture is a joint arrangement with other parties in which NNZ has several liability in respect of costs and liabilities, and shares in any resulting output. NNZ's share of the assets, liabilities, revenues and expenses of the joint venture are incorporated into the financial statements on a line by line basis.

Taxation

NNZ is a non-profit body for taxation purposes under section CW 46 of the Income Tax Act 2007 and as such no taxation is payable on the profit for the year.

Changes in Accounting Policies

There has been no change in accounting policies during the year and they have been applied on a consistent basis.

Notes to the Financial Statements

For the year ended 30 November 2014

Fixed assets categories have been adjusted during 2014, 2013 comparatives have been restated to reflect these changes

6. Joint Venture

NNZ has a 50 per cent interest in TTNL Ltd. TTNL provides Netball services. The operating results to the 12 months ended 31 October 2014 (which is different from the NNZ's balance date) have been included in these financial statements. Operating results, assets and liabilities are proportionately consolidated within these financial statements. During the year the following balances were received from TTNL: \$175,000 as an event management fee, \$26,000 office rental contribution, \$40,000 staff secondment and \$39,000 College Netball contribution.

7. Board Honoraria

An honoraria payment was made to Board members for the year as follows: President \$10,500, Board Chair \$25,000, F&A Committee Chair \$13,500, five remaining Board members \$10,500 each. The CEO does not receive an honorarium.

Notes to the Financial Statements

For the year ended 30 November 2014

8. Members Equity

	NNZ 2014 \$000	NNZ 2013 \$000	GROUP 2014 \$000	GROUP 2013 \$000
