LAURA LANGMAN

CAPTAIN

#133

POSITIONS: C, WD, WA

HEIGHT: 173cm

DOB: 16/04/1986

TEST CAPS: 151

DEBUT: 12/03/2005 v England Roses

After 18 months away from international netball, the Silver Ferns most capped player, dynamic midcourter Laura Langman made a remarkable return in 2018 when she assumed the captaincy. After making her Silver Ferns debut in 2005, Langman has forged an enviable record, including an incredible unbroken run of Tests since making her debut. Renowned for her high work rate and energy levels, Langman has continued the push to the boundaries to be a better player. In 2016, she became the first current Silver Fern to play for an Australian team [the NSW Swifts] in the ANZ Championship.

She has since played two seasons with the Sunshine Coast-based Lightning team in the Australian league. Langman's athleticism and never-say-die attitude have often proved game-changing attributes. Held in high esteem, Langman has gone on to become one of the most influential and respected midcourtters in world Netball. Capable of playing all three midcourt positions, Langman is blessed with dazzling speed and athleticism, the super-talented athlete being renowned for her all-round abilities on both attack and defence. Langman will captain the Silver Ferns at her fourth Netball World Cup in Liverpool, 2019 after also representing New Zealand at the sport's pinnacle event in 2007, 2011 and 2015. She has also attended three Commonwealth Games [2006, 2010, 2014].

KARIN BURGER

#171

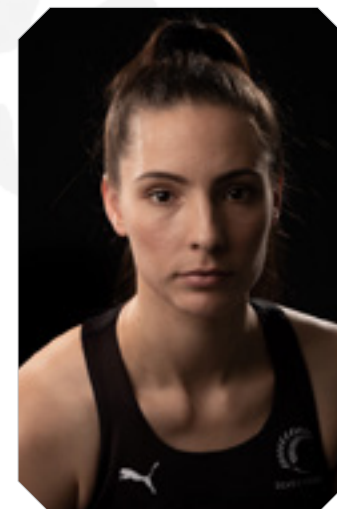

POSITIONS: GK, GD, WD

HEIGHT: 184cm

DOB: 12/04/1993

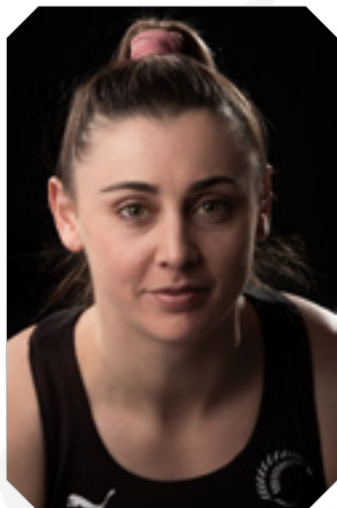

TEST CAPS: 5

DEBUT: 15/09/2018 v England Roses

Making her Silver Ferns debut in 2018, Karin Burger is testament to the fact resilience and perseverance pays off after she made the bold decision to come to New Zealand from South Africa as an 18-year-old in 2012 to chase her Netball dream. Burger made the change from in-circle defender to wing defence during the 2018 ANZ Premiership season with great success. Very quick off the mark, tall for the position and robust, Burger made an instant hit in the position to be a regular starter and just keeps getting better.

An impressive athlete, Burger was a standout figure during the 2018 and 2019 domestic seasons with her consistently high standards, ability to make things happen and on-court tenacity. Being able to play all three defensive positions is another string to her bow. In 2019, Burger was one of five Silver Ferns named to take part in their first Netball World Cup.

GINA CRAMPTON

#164

POSITIONS: WA, C

HEIGHT: 174cm

DOB: 07/12/1991

TEST CAPS: 26

DEBUT: 09/10/2016 v Australian Diamonds

After missing out on the 2018 Commonwealth Games team, it didn't take long for slick midcourter Gina Crampton to earn a recall. Making her comeback to the Silver Ferns for the 2019 Northern Quad Series, Crampton cemented her spot in the 2019 Netball World Cup team following a standout domestic season. Crampton first came to prominence in 2015.

Predominantly a wing attack but also an effective centre, the livewire midcourter showcased her skillsets through her speed, drive off the line and adept feeding ability to win the Aspiring Silver Fern award at the New Zealand Netball Awards in 2015. Making her international debut in 2016, Crampton has continued to build on her all-round abilities. Fit and fast on attack, Crampton is also an effective spoiler on defence. A fine all-round athlete, maturity and experience has added to Crampton's consistency which was a standout for the Steel during the 2019 domestic season.

AMELIARANNE EKENASIO

#157

POSITIONS: GS, GA

HEIGHT: 186cm

DOB: 11/01/1991

TEST CAPS: 25

DEBUT: 08/10/2014 v Australian Diamonds

Born in Queensland but of Ngapuhi heritage, stylish shooter Ameliaranne Ekenasio [nee Wells] moved to New Zealand in 2014 after coming through the Australian system. She spent four years [2011-14] with the Queensland Firebirds but struggled for regular court time and was snapped up by the Central Pulse for the 2015 ANZ Championship. More consistent game time paid dividends, a growing confidence resulting in impressive individual performances for the athletic shooter with the spectacular high-arching shot. Able to play both shooting roles, Ekenasio is an excellent mover, with quick hands and feet, is good in the tight spaces and has an unwavering willingness to put the shots up from anywhere.

Just months after the birth of her first child, Ekenasio made her return to elite level netball with the FAST5 Ferns in late 2017. She continued that upward trend shortly after when sealing a spot in the Silver Ferns team for the 2018 Commonwealth Games. A tall, agile and graceful athlete, Ekenasio gained her first selection to the Silver Ferns in 2014. A player with real flair, Ekenasio's growing confidence has pushed her game to new levels, resulting in a standout 2019 domestic season for the Pulse.

MARIA FOLAU

#134

POSITIONS: GA, GS

HEIGHT: 188cm

DOB: 18/02/1987

TEST CAPS: 138

DEBUT: 13/11/2005 v Jamaican Sunshine Girls

A naturally gifted shooter, Maria Folau [nee Tutaia] has been a mainstay of the Silver Ferns for well over a decade. One of the most feared shooters in world Netball with her uncanny skill of being able to convert shots from all points of the circle, Folau made her debut for the Silver Ferns in 2005, the same year she was part of the NZU21 World Youth Championship-winning team. Earmarked as a quality performer from a young age, the stylish Folau had made significant strides by the time she reached 20, becoming a regular in the Silver Ferns starting line-up by the end of 2006. Folau's game has continued to flourish, maturity and a wealth of experience adding to her considerable skill set.

A graceful athlete, Folau has continued to evolve as a player, her repertoire growing alongside her general attacking and defensive games. In a significant personal milestone, Folau became the fourth Silver Fern to achieve 100 Test caps at Netball World Cup Sydney 2015. Now living in Australia, Folau is currently plying her trade with the Adelaide Thunderbirds and will attend her fourth Netball World Cup for the Silver Ferns in Liverpool 2019. She has also played in four Commonwealth Games [2006, 2010, 2014, 2018].

PHOENIX KARAKA

#155

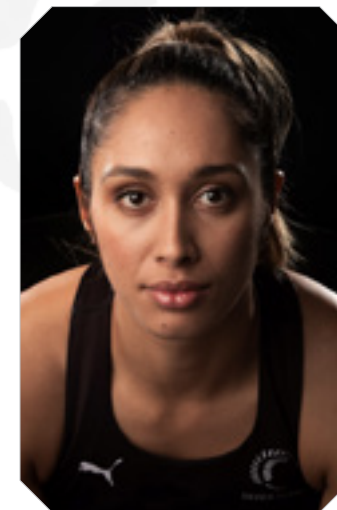

POSITIONS: GK, GD

HEIGHT: 186cm

DOB: 06/11/1993

TEST CAPS: 19

DEBUT: 20/01/2014 v England Roses

Last playing for the Silver Ferns in early 2018, athletic defender Phoenix Karaka has made a triumphant return to earn her place in the team for the 2019 Netball World Cup. Relishing the captaincy duties with the Mystics during 2019, Karaka led from the front to return a consistently high standard of performance throughout the season. A menace with her long reach and athletic ability, the rangy defender took her game to new levels in an inspiring season. Having played for the Steel and Pulse before returning home to Auckland and the Mystics, experience is paying dividends for Karaka who made her Silver Ferns debut in 2014.

Able to move comfortably between the two in-circle defensive positions, Karaka has a strong all-round skill set with her movement and ball handling ability. Karaka has developed into a classy defender with her athleticism, tight marking, ability in the air and sense of awareness for the intercept. Showing her versatility, athleticism and ability to adapt, Karaka was a key component in the midcourt for the FAST5 Ferns winning exploits during the 2016 FAST5 World Series. Rising through the NZU21 and NZSS teams, Karaka has built on a strong pedigree after being part of the 2013 World Youth Cup winning team while also being a member of the Silver Ferns at the 2015 World Cup.

CASEY KOPUA

#135

POSITIONS: GK, GD
HEIGHT: 188cm
DOB: 19/06/1985
TEST CAPS: 104
DEBUT: 14/11/2005 v Barbados

In her swansong event, inspiring former captain Casey Kopua (nee Williams) will attend her fourth Netball World Cup event in Liverpool, 2019. A proven performer over a long time, Kopua has returned after the birth of her first child and international retirement to have one last tilt at the sport's pinnacle event. An in-circle defender of outstanding quality, Kopua fulfilled her early promise when making her Silver Ferns debut in 2005. Earlier that year, Kopua had been a member of the NZU21 World Youth Championship winning team.

A match-winner and one of the game's greatest defenders, Kopua showed her durability when returning from a nine-month lay-off, recovering and rehabilitating from a serious knee injury, to lead the team at Netball World Cup Sydney 2015. During 2014, Kopua captained the Silver Ferns for a record 62nd time, eclipsing Lyn Gunson's long-held record of 61 Tests as captain.

The popular Kopua became the sixth Silver Fern to reach the 100-Test milestone in 2015 during the Constellation Cup. Kopua has brought a strong work ethic to the Netball court, is fiercely proud and loyal to the core. Setting the on-court standards with her strength in the air, through-court carries, ability to make an intercept out of nothing and single-mindedness, others feed off Kopua's sheer determination, a player who leads by example. Kopua was awarded an Officer of the New Zealand Order of Merit for her services to Netball in the Queen's Birthday Honours in 2011. She has also represented New Zealand at three Commonwealth Games [2006, 2010, 2014].

BAILEY MES

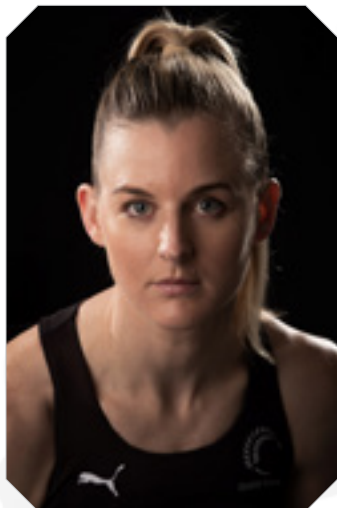

#150

POSITIONS: GS, GA, WA
HEIGHT: 186cm
DOB: 27/05/1989
TEST CAPS: 63
DEBUT: 14/10/2012 v SPAR Proteas

Growing in stature through the 2019 domestic season, helped athletically-gifted shooter Bailey Mes resurrect her international career with a recall to the Silver Ferns for the Netball World Cup in Liverpool. Time away after the 2018 Commonwealth Games helped Mes refocus, experience playing a key role in her progressively strong form through 2019. An impressive player in the air and an astute reader of the game, Mes relished her senior status in the Mystics line-up with her guidance and all-round court play. Always a bundle of energy and athleticism, there's no doubting the lofty shooter's fitness and natural ability after making her debut in 2012 when she was the bolter in the Silver Ferns team of that year.

A serious knee injury dashed her chances in 2013 but she bounced back to regain selection the following year and was a key performer in the FAST5 Ferns successfully defending their FAST5 Netball World Series title. She repeated that effort with the 2018 FAST5 Ferns team. At her best, a dynamic player, fleet-footed and possessing an impressive standing jump, the 1.87m Mes has all the necessary attributes as she showcased on the back of an outstanding Netball World Cup Sydney 2015. Has the ability to produce something out of the ordinary.

KATRINA RORE

#140

POSITIONS: GD, GK

HEIGHT: 186cm

DOB: 06/05/1987

TEST CAPS: 125

DEBUT: 20/09/2008 v Australian Diamonds

Missing time early in 2019, former captain Katrina Rore [nee Grant] bounced back in style to earn a recall for the Silver Ferns 2019 Netball World Cup team. Previous to that, Rore had been a regular in the Silver Ferns since making her debut as a 21-year-old in 2008 and has since gone on to become the fourth-most capped player. Rore reached a significant personal milestone in 2017 when becoming just the seventh Silver Fern to register 100 international appearances. Now helping guide a new generation of Silver Ferns, Rore has grown with the game, delivering a sterling contribution to netball in New Zealand, both domestically and internationally. As a mainstay at the Wellington-based Pulse over the last 10 years, Rore produced an impressive 2019 domestic season on the back of her leadership qualities and strong work ethic. An astute reader of the game on defence, Rore is capable of making her presence felt in an aerial contest as well as the close-marking situation.

She presents all the hallmarks required of an in-circle defender with the ability to switch from a tight marking situation to a hunting role. Ever-alert to intercept opportunities, Rore's reliable hands and quick feet give her a strong presence when turning defence into attack. The athletic and versatile defender can seamlessly switch between the two in-circle defensive positions as well as cover the wing defence role where her height, speed off the mark and awareness of defending space are valuable assets. Rore is lining up for her third World Cup in 2019 after also playing in the 2011 and 2015 events. She has also played for the Silver Ferns at three Commonwealth Games tournaments (2010, 2014 and 2018).

SHANNON SAUNDERS

#152

POSITIONS: C, WA

HEIGHT: 188cm

DOB: 12/10/1990

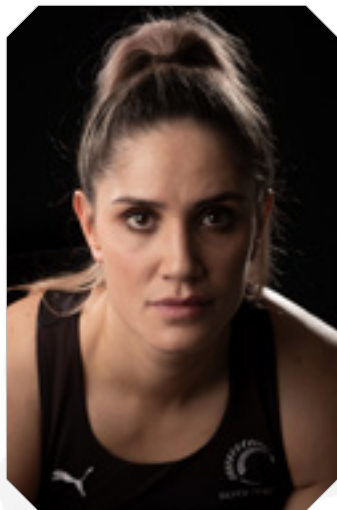

TEST CAPS: 59

DEBUT: 04/10/2013 v Australian Diamonds

Not featuring since the 2018 Commonwealth Games, hard-working midcourter Shannon Saunders [nee Francois] won her spot back in the Silver Ferns for the 2019 Netball World Cup in Liverpool on the back of an impressive domestic season. A stalwart in the Steel midcourt where she predominantly plays centre, Saunders started out as a wing attack, so provides the necessary cover to play both positions to a high standard. The opportunity to have a full pre-season with the Steel and refocus her priorities have given Saunders a new lease of life, the tireless midcourter delivering a succession of consistent and top-quality performances during 2019.

Saunders got her break for higher honours in 2013 when called into the Silver Ferns squad as cover and quickly made a mark with her speed and fitness levels while also making her debut. She remained a permanent fixture until 2018. A product of Motueka High School, near Nelson, Saunders' Netball career gained traction when she headed to Otago University, finding her niche with a young Southern Steel team and going on to become an integral member since joining them in 2012. A no-frills type of player, Saunders is a whole-hearted performer who can match it with the best through her dogged determination, relentless commitment and ability to execute.

TE PAEA SELBY-RICKIT

#161

POSITIONS: GA, GS

HEIGHT: 188cm

DOB: 14/01/1992

TEST CAPS: 37

DEBUT: 27/08/2016v England Roses

Rebounding in style after missing out on the Northern Quad Series earlier in the year, lofty shooter Te Paea Selby-Rickit quickly earned a Silver Ferns recall for the 2019 Netball World Cup. Benefitting from a full pre-season with the Steel, including specialist shooting sessions throughout the season, Selby-Rickit's game continued on an upward trend in 2019. Able to play both shooting roles with equal effect make Selby-Rickit a valuable asset.

After making her Silver Ferns debut in 2016, Selby-Rickit has become a leader in an influential Steel attack line, consistent court time over the last couple of seasons adding to her repertoire and court craft. Height, shooting nous and attacking smarts make Selby-Rickit a constant threat in the circle while her subtle court craft extends to clever off-loads and the ability to be a playmaker. A strong mover while also having the ability to play a holding role make Selby-Rickit a dangerous shooting opponent. Selby-Rickit will be making her Netball World Cup debut for the Silver Ferns.

JANE WATSON

#160

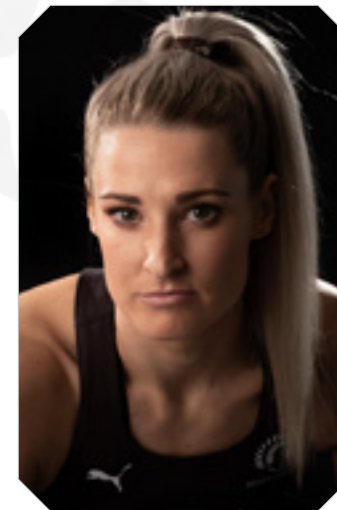

POSITIONS: GK, GD

HEIGHT: 181cm

DOB: 07/03/1990

TEST CAPS: 29

DEBUT: 27/08/2016v England Roses

Missing out on selection for the Silver Ferns 2018 Commonwealth Games campaign did not keep dynamic defender Jane Watson out of the limelight for long. Watson surged back into the Silver Ferns team late last year after an inspiring season for the Tactix, followed by another strong domestic campaign in 2019, captaincy duties adding to her growth, to cement her place in the 2019 Netball World Cup team. Growing up playing football, Watson was a late starter to netball but her lean and athletic frame have conspired to make her a quality in-circle defender.

A stellar season for the Steel in 2016 resulted in selection to the Silver Ferns squad which turned into a late injury replacement call-up for the Netball Quad Series. Watson grabbed the opportunity with both hands to deliver an impressive series of games over the 2016 international season. A dynamic vertical leap, long reach, speed off the mark and ability to hunt for ball outside the circle make Watson a dangerous and effective defender who has the knack of creating turnover ball at key moments. Watson, who was the 2017 ANZ Premiership Player of the Year, will be making her Netball World Cup debut for the Silver Ferns.

NOELINE TAURUA

HEAD COACH

#108

On the back of an enviable record, the popular Noeline Taurua was installed as the 11th Silver Ferns coach in 2018. A mercurial goal attack, Taurua played in the 1995 World Cup and 1998 Commonwealth Games for the Silver Ferns before a knee injury ended her career. She quickly moved into coaching, working her way through the ranks while fashioning a stellar career at elite domestic level in both New Zealand and Australia. Taurua was an assistant coach for the Silver Ferns in 2011 and was the only coach to lead a New Zealand side to an ANZ Championship title, having overseen the Waikato Bay of Plenty Magic's win in 2012. She took over the Southern Steel in 2015, claiming the former Trans-Tasman Netball League Minor Premiership in her first campaign with an unbeaten record in the regular season.

With a Masters of Science in performance coaching, Taurua has tasted success on both sides of the Tasman. Plying her trade in Australia, Taurua made a sensational impact when leading new team Sunshine Coast Lightning to back-to-back premierships. Well-respected and affable, Taurua is at home in the high performance environment where she has proven knack of getting the best out of her players. In a first, Taurua continues to take on the dual roles of coaching the Silver Ferns and Sunshine Coast Lightning.

DEB FULLER

ASSISTANT COACH

#109

Deb Fuller was appointed Silver Ferns assistant coach to Noeline Taurua in September 2018, ahead of the end-of-season international programme and the pair's introduction to the world stage. Fuller has had extensive coaching experience at the elite domestic level, during the former trans-Tasman league, during which she was assistant coach with the Northern Mystics in 2009 and 2010 before taking over the head coach's role for four years, in 2011 and 2012, and 2014 and 2015.

The former Silver Fern was also appointed coach of the FAST5 Ferns in 2018, Fuller continuing New Zealand's rich legacy in the shortened version of the game after guiding the team to the Netball World Series title for a seventh time, in Melbourne. Before taking over the assistant coach's role with the Silver Ferns, the Mount Maunganui-domiciled Fuller worked with Waikato Bay of Plenty in a high performance capacity.
